2018-2019 Catalog

Welcome

Dear student,

On behalf of the college faculty, staff, administration, board of trustees and over 6,000 alumni, welcome to Good Samaritan College of Nursing and Health Science (GSC)! We appreciate the trust and confidence you've placed in us to further your educational pursuits and want you to know you've chosen well. The healthcare industry is facing unprecedented challenge, including interventions by the federal government, application of new provisions by regulatory agencies, as well as a changing public demographic demanding affordability and accountability for their care.

As a result, opportunities in the healthcare industry have expanded, and GSC has experienced growing enrollment, addition of experienced faculty members, and celebrated student, faculty, and staff professional and scholarly accomplishments in the healthcare and educational communities in this region. The GSC difference remains; living by a mission and values, fostering a caring and compassionate environment, and success through uncompromising quality.

Your academic experience will include unique approaches to classroom and clinical education, scholarship, and caring and collaborative community. GSC students connect classroom learning with hands-on experience in the expansive clinical settings provided by TriHealth and other regional acute care and community placements. In the classroom, the GSC faculty members excel at "concept-based teaching" — a methodology which fosters applied, facilitated, and thematic learning to provide the best quality education possible.

Additionally, integrated technology systems are used in all of the student services and administrative areas including finance, student advising, and student support.

Good Samaritan College faculty, staff, and administration thrive on educational excellence, and incorporate the best in what healthcare education has to offer for you. We are excited for you to be here, see you around campus soon.

Sincerely,

Jim Hauschildt – President

Mission, Vision, and College Goals

Mission Statement

The Good Samaritan College of Nursing and Health Science (GSC) is a specialized college of higher education committed to educating men and women for careers in nursing and other health related fields in the Greater Cincinnati region. The College is a private Catholic institution that fulfills its mission by addressing the needs of our students with differing interests, plans, and expectations.

Vision

To be the regional leader in providing nursing and health care education in a unique Catholic and hospital-based college environment.

College Values

- **Serve** = Our Mission is to improve the health status of the people we Serve
- **Excel** = Service Excellence for All Customers
- **Respect** = Respect for All People, Respect for Our Spiritual Heritage, and Respect for Our Differences
- **Value** = Valuing our time, treasures & talents & choosing to serve the community. Stewardship
- **Engage** = Engage Our People & Our Community

College Goals

- Emphasize a Christian value orientation to life.
- Create a caring environment that allows each individual to feel personally satisfied and reach his/her fullest potential.
- Promote academic excellence.
- Embrace professional standards of conduct as a lifelong value.
- Serve the community.
- Embody the traditions and reputation of the College.
- Foster an ongoing commitment to learning and to this educational institution.

History

Good Samaritan College of Nursing and Health Science (GSC) have adapted to serve the evolving needs of both aspiring health care professionals and the Greater Cincinnati community for over 117 years. GSC is committed to being the regional leader in providing nursing and health care education in a unique Catholic and hospital-based college environment.

- **1852:** St. John's Hotel for Invalids established after Archbishop John Purcell donated a small hospital building located at Broadway and Woodward to the Sisters of Charity.
- **1866:** Two local bankers, impressed with the medical care given to a friend, purchased a 95-bed hospital at Sixth and Lock. This institution was named the Hospital of the Good Samaritan and donated to the Sisters of Charity.
- **1896:** Good Samaritan School of Nursing was established. The first graduates (there were eight!) received diplomas three years later. Since then, more than 6,000 nurses have graduated from the institution.
- **1915:** The hospital and school moved to the current Clifton site.
- **1942:** The school was granted NLNE conditional Accreditation (the National League for Nursing Education was the precursor to the current National League for Nursing Accrediting Commission).
- **1945:** The school was granted full accreditation with the NLNE, (1 of only 100 out of 1300 schools in the country at the time).
- **2001:** The Good Samaritan College of Nursing and Health Science was formed as a private independent college and received approval from the Ohio Board of Regents and the Ohio Board of Nursing to grant the Associate of Applied Science in Nursing degree.
- **2006:** GSC was accredited by the Higher Learning Commission and became a member of the North Central Association.
- **2006:** GSC's Nursing Program was accredited by the National League for Nursing Accrediting Commission.
- **2011:** GSC was reaccredited by the Higher Learning Commission, a member of the North Central Association, and the National League

for Nursing Accrediting Commission for the maximum periods allowable.

- **2012:** GSC was authorized by the Ohio Board of Regents to grant a Bachelor of Science in Nursing (BSN) degree and an Associate of Science in Health Science degree.
- **2013:** GSC was accepted by the Higher Learning Commission to grant a Bachelor of Science in Nursing (BSN) degree and an Associate of Science in Health Science (ASHS) degree.
- **2014:** Bachelor of Science in Nursing (BSN) Program accredited by the Accreditation Commission for Education in Nursing (ACEN). There were six graduates in the first BSN class.
- **2018:** GSC was accepted by the Higher Learning Commission to grant the Medical Assistant (MA) Certificate Program.

Location and Facilities

Good Samaritan College of Nursing and Health Science is located on the 8th floor of Good Samaritan Hospital at 375 Dixmyth Avenue, Cincinnati, OH 45220. The college campus is fully equipped with a Student Success Center, Student Lounges, Auditorium (max seats 164), Library (3rd floor of hospital), Science, Simulation & Skills labs, Conference Rooms, Faculty Offices, and Classrooms. These facilities utilize space on the 7th, 8th, 9th and 10th floors.

Equipment Available for Instructional Use

The College has portable TV screens on hand for instructional use. The Student Success Center houses computers and a variety of educational materials. A student copier is located in the 9th floor student lounge and Library. Curriculum-related use takes precedence over personal enrichment activities.

The Simulation Center and Skills Labs contains four **high-fidelity** (2 Adults, 1-Child and 1-Infant), and ten **mid-fidelity** simulators (9 adult and 1 infant). Students have use of a computer-assisted IV Insertion simulation and 16- IV arms that are used for insertion skills. Many other clinical skills equipment and models is available for instructional use.

- Ohio Private College Admissions Directors (OPCAD)

General Education

The General Education courses establish the educational foundation and core curriculum to support the health science and nursing programs. These courses also fulfill the transfer module of the Ohio Department of Higher Education.

Philosophy

The philosophy of General Education at Good Samaritan College of Nursing and Health Science reflects the beliefs that are stated in the Mission and the College Goals.

Education is a lifelong dynamic process of intellectual, social, emotional, and spiritual development which builds upon, and is influenced by, numerous factors, including acculturation, self-image, and value system. Learning is the acquisition of knowledge, skills, and understanding, which results in changed behavior. The educational process assists the learner to think critically, to reason, and to make ethical decisions. Faculty and students are mutually responsible for learning. The faculty, as facilitators of learning, are themselves participant learners.

General education is central to all other education. It provides a broad base of knowledge that is relevant to all educated persons, and is core to each academic program of the College. This is achieved through an integrated approach to program and curriculum planning of disciplines that will provide the community with well-rounded, responsible professionals who can function in the rapidly changing world.

Program Level Student Learning Outcomes

The outcomes of the General Education Program establish that students will:

- Communicate Effectively
- Demonstrate Critical Thinking
- Work Effectively with Individuals and Teams
- Develop Characteristics to Become a Life Long Learner

Assessment

Good Samaritan College of Nursing and Health Science (GSC) engages in ongoing assessment aimed at enhancing institutional quality and effectiveness. Assessment occurs at multiple levels: institutional, co-curricular, and curricular (both program and course level). Effectiveness measures are linked to the College's Mission, Vision, and strategic plan that are systematically reviewed through an on-going cycle.

At the operational level, institutional, co-curricular, and program-level assessments provide valuable information related to our processes, practices, and development. These practices and process should create a culture that encourages and supports student learning. Course level assessment utilizes specific tools and techniques to determine what and how well students learn. Taken together, these assessment activities serve to enhance student learning, promote continuous improvement, and encourage development.

Admissions

College is an exciting time. Figuring out which path is right for you and learning how to get on that path can sometimes seem overwhelming. At Good Samaritan College of Nursing and Health Science, our Admissions and One Stop team is prepared to walk you through what it takes to become a student at GSC.

As you consider applying to our college, consider your ability to participate fully in an educational program in nursing or other health science program. Healthcare is challenging and job duties can change by the minute. Professionals in healthcare careers must be ready to perform a variety of tasks with knowledge and skill. Standards and Functional Abilities for anyone pursuing a career in nursing or other health careers have been developed for you to self-assess your readiness for a career in working in this fast-paced environment.

The following standards and functional abilities are necessary requirements for participation in any of our healthcare programs. However, if an individual believes that he/she is unable to meet one or more of these necessary requirements due to a disability, he/she should contact the 504 Coordinator to determine whether an appropriate accommodation can be made so that the individual can meet the necessary requirements and participate fully in the educational program.

Standards

- **Critical Thinking:** ability sufficient for clinical judgment.
- **Reading:** ability sufficient to comprehend the written word.
- **Arithmetic:** ability sufficient to perform computations at least at the tenth- grade level.
- **Hearing:** ability sufficient for physical and environmental monitoring.
- **Visual:** ability sufficient for accurate observation and assessment.
- **Smell:** ability sufficient to detect environmental and client odors.
- **Physical strength/endurance:** ability sufficient to perform full range of patient care activities.
- **Motor Skills:** ability sufficient to provide safe and effective nursing care.
- **Mobility:** ability sufficient to move from room to room and within confined space.
- **Tactile:** ability sufficient for physical monitoring and assessment.
- **Communication:** ability sufficient for interaction with others, in both the verbal and written English language.
- **Interpersonal skills:** ability sufficient to interact with others.

Functional Abilities

- Identify cause-effect relationship; problem-solve; predict/evaluate outcomes; sequence information.
- Read written documents, graphs, policies, protocols, etc.
- Measure time; compute medication dosage; count rates; use measuring tools; add, subtract, multiply, divide whole numbers; compute fractions.
- Auscultate faint body sounds, voices; hear monitor alarms, emergency signals.
- Observe patient response/condition: distinguish color and color intensity; prepare medication; see graphs, and computer screens.
- Detect foul smelling odors; detect smoke/gases.
- Stand for long periods of time at bedside; perform nursing care duties for entire shift; push/pull/support light and heavy objects; carry equipment; support patients in ambulation, turning, standing.
- Position patients; obtain specimens; calibrate instruments/ equipment; prepare and administer medication; reach and bend with ease; grasp small objects, write, fine motor skills.
- Move about in populated areas; twist, stoop, squat; move quickly, administer repetitive movements (CPR).
- Perform palpation; detect hot/cold; detect differences in skin surface; shapes and sizes.
- Teach; explain procedures; give oral report; speak on the telephone; document and interpret nursing actions and patient responses and convey information through writing.
- Establish rapport with patient, family and coworkers; respect differences, negotiate interpersonal conflict, remain calm in crises situations.

Honors Admission Program

The Honors Admission Program at Good Samaritan College of Nursing and Health Science provides an opportunity for high school students who apply by December 1 of their senior year, priority placement in nursing their first semester and eligibility for additional scholarships.

Applicants must have a minimum 3.2 cumulative GPA, 25+ ACT or 1150+ SAT (Math and Reading only). Applicants may also be required to prepare an essay for competitive selection of candidates. The college may also extend eligibility to college transfer students who meet the high school criteria as well as a 3.2+ GPA for college coursework. Eligibility for college transfer honors is dependent on available spacing. For information on how to apply, contact the Admissions office at (513) 862- 2743.

Articulations and Partnerships

Chatfield Community College

This articulation agreement is designed to coordinate transfer policies, enhance advising, and promote the acceptance of the transfer of associate degree credit from the Chatfield College (CC) to Good Samaritan College of Nursing and Health Science (GSC). Students who qualify are exempt from paying the GSC application fee. The maximum number of transfer credits accepted from Chatfield will have a C or better grade and will be equal to 25 semester credit hours. If you are a transfer student from Chatfield College, inquire with GSC Admission staff regarding this agreement.

College Credit Plus (CCP) is an opportunity for Ohio high school students to simultaneously earn college credit and high school credit. By participating in Ohio's CCP program, Good Samaritan College of Nursing and Health Science (GSC) provides eligible students an exceptional opportunity to advance their college education prior to high school graduation by earning credit for GSC courses.

COLLEGE CREDIT PLUS APPLICATION PROCESS

Responsibilities of Interested High School Students:

Each fall, interested high school officials will communicate with the Academic Dean of General Education from GSC to schedule an information session for students and parents. These information sessions are hosted by the participating high schools with officials from GSC available to answer any questions about taking courses at GSC during the next academic year and the hosting high school will inform students and parents of the scheduled sessions. These information sessions are scheduled between October 1st and February 15th each year.

Interested high school students should check with their high school counselor or other administrator to discuss their individual eligibility and to determine if their high school is participating in this program. Information about student eligibility is available on the Ohio Department of Higher Education (ODHE) website: <https://www.ohiohighered.org/ccp>

Due by April 1st – Students and/or a parent must download and complete the *Intent to Participate* form found on the state website (link below) and submit the completed form to the Ohio Department of Education no later than April 1st.

https://www.ohiohighered.org/content/college_credit_plus_info_students_families.

Please note: College Credit Plus (CCP) students must submit an Intent to Participate form every academic year if they wish to participate in the program.

Due by April 13th – Non-public school and Homeschool parents ONLY: Create a Secure Application for Enterprise (SAFE) account on the Ohio Department of Education website <https://safe.ode.state.oh.us/portal>. A funding application is available in SAFE and should be completed and submitted in the SAFE account by April 13th. Parents of PUBLIC HIGH SCHOOL students DO NOT need to create a SAFE account.

Due by May 1st – Eligible high school students from participating high schools must apply for Admission to GSC as a non-degree seeking student for the fall or spring semesters during the next academic year. Admission information is found on the College website at

<https://www.gscollge.edu/admissions/>. Students must also request the following documentation to be sent to Good Samaritan College of Nursing and Health Science Office of Admissions (c/o Veronica Boyd), 375 Dixmyth Avenue, Cincinnati, OH 45220:

- Official high school transcripts; and
- ACT or SAT test scores; and
- Immunization/ health records (only for students taking classes on our campus).

Due by July 1st – Students should register for fall courses. Note: Course registration is contingent upon admission to GSC and seat availability. Also, courses including individual sections are subject to change.

Due by December 1st – Students should register for spring courses. Note: Course registration is contingent upon admission to GSC and seat availability. Also, courses including individual sections are subject to change.

Responsibilities of Good Samaritan College of Nursing and Health Science:

Upon receipt of the requested documentation, officials at GSC will determine college eligibility based on the following admission criteria for non-degree seeking students:

- A 2.1 cumulative high school GPA on a 4 point scale
- An ACT Composite Score of 19 or higher OR an SAT of 990 or higher**

** If any interested high school student has not taken either the ACT or the SAT, they must complete a college entrance exam such as Accuplacer and have those results sent to GSC.

Letters are sent to each student who applies for admission to GSC as a non-degree seeking student who wishes to participate in the CCP program advising them of their admission status. A copy of this letter is also sent to officials at the high school. Acceptance letters will include “next steps” for high school students to register for classes at GSC.

Students taking this course for college and high school credit should check with the high school counselor to determine the equivalent high school course.

Admissions Standards and Regulations

The College reaffirms its commitment to nondiscrimination in accordance with Title IX of the Education Amendments of 1972; Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991 and the American with Disabilities Act of 1990 (ADA), as amended by the ADA Amendments Act of 2008 and Section 504 of the Rehabilitation Act of 1973, in that no otherwise qualified person shall be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under, any program or activity of the College because of race, color, religion, age, national origin, ancestry, handicap/disability, veteran status, marital status or sex.

Admission to the College

The College admits students in August and January. Admissions are selective. Applicants must be legally eligible to study in the United States for the expected duration of their enrollment in the College. An applicant is evaluated based on educational background and life experiences.

Application deadlines are posted to the GSC website. Enrollment is dependent on available seats. Applications received after the deadline may be considered if seats are available.

Applicants must meet the minimum requirements to the College listed below. Applicants accepted to the College must also meet the criteria for the program they have applied to.

Foreign Educated Students

- To study at Good Samaritan College (GSC), the student must be able to understand English because it is the medium of instruction. If the student's primary language is not English, the student is required to submit scores on the (TOEFL iBT).
 - The TOEFL® score must be less than two years old.
 - English Proficiency is demonstrated by TOEFL (iBT) passing score of at least 80, with a minimum speaking score of 206.
 - The test may be waived by the admissions committee for applicants who previously enrolled in a higher education institution at which English is the language of instruction. All transcripts originating outside the United States must be translated and evaluated by World Educational Services (www.wes.org).

First-time College Students Admission to the College

Applicants are classified as a first-time college student for admissions purposes if they have never attended college or have earned twelve (12) or fewer college credits after graduating from high school. This includes students who entered with advanced standing credit (college credit earned before graduation from high school).

High School Standards

High school graduates must provide records from an accredited high school or a General Education Test (GED) with a minimum score of at least 2250, with no score lower than 410 on individual sections.

- Required high school courses include:

English	4 Units
Math (algebra required)	4 Units (2*)
Science (chemistry required)	3 Units (2*)
Social Studies	3 Units (2*)

- Other recommended subjects include biology, foreign language, physics, and computer technology.

*Requirements for those who graduated from high school prior to July 2003.

- Successful completion of high school and other deficiencies (course deficiencies can be completed by taking courses through ABC Nursing at <https://www.nursingabc.com/courses>, or by taking courses offered at GSC, or elsewhere.
- Official scores from either the SAT or the ACT are required of applicants who graduated high school within ten years of the application date.

Transfer Students

Any applicant who attempted coursework for credit at another post-secondary institution is classified as a transfer student. However, to be considered for admission based upon prior college work, the applicant must have completed at least 12 semester hours or at least 18 quarter hours (developmental or remedial courses are not accepted in these credits). An applicant presenting less than 12 semester hours or 18 quarter hours must meet all high school standards.

- Successful completion of high school and other deficiencies (course deficiencies can be completed by taking courses through ABC Nursing at <https://www.nursingabc.com/courses>, or by taking courses offered at GSC, or elsewhere.

Non-Degree Seeking Students

Students (or a prospective transfer student) who are not currently admitted or matriculated into a degree program on the Good Samaritan College (GSC) campus, are considered non-degree seeking students and may register in course sections as a non-degree student. At GSC, an example of a non-degree seeking students may be College Credit Plus (CCP) students, and GC3 consortium students. (See Non-Degree Seeking Policy for additional information and requirements).

To be considered as non-degree seeking students, applicants must meet the following minimum criteria:

Admission Status to Non-Degree Seeking Student	Admission Criteria	Decision
Non-Degree Seeking	<ul style="list-style-type: none"> • Minimum ACT score of 19 or SAT score of 1340 (prior to 3/2016) and 990 (post 3/16). Waived if out of high school > 10 years • GPA High School or College Cumulative GPA \geq 2.1 <p><i>(Applicants are selected based on Entrance Test scores and availability of seats)</i></p> <p><i>GED</i></p> <ol style="list-style-type: none"> 1. <i>HS GPA will be waived if successfully completed GED</i> 2. <i>Admissions committee will review if applicant has GED and has been out of HS 10 years and no ACT/SAT test available</i> 	Student is accepted to the College.

Advanced Placement

GSC grants advanced placement and college credit for appropriate courses to entering students who have earned a score of 3 or better on the Advance Placement (AP) exam from the College Board.

(See Transfer Credit, Credit by Examination and Advanced Placement and Advanced Standing Credit Policy for additional information for students with LPN License who wish to transfer credit by Advanced Standing.)

AASN to BSN Completion: Dual Program Enrollment Option

Students in the AASN may be accepted into the RN - BSN completion program. Students who qualify may receive financial aid for the total credit hours. Individuals without an RN licensure may complete their program requirements for their RN in the AASN program while taking BSN general education courses. All students must have an AASN pre-licensure GPA of 2.5 and be licensed as a registered nurse to enroll in BSN post-licensure nursing courses.

Students must have a 2.5 or higher GPA and be in good academic standing to be Dual Program enrollment status. *(See Provisional Acceptance to the BSN program)*

Nursing

Admission to the Associate of Applied Science in Nursing (AASN) Registered Nurse RN Licensure Program (72 credit hours)

Students who do not have an RN license will begin in the AASN point of entry. Admission to the AASN program is competitive.. Candidates are required to submit all application documents prior to the deadline for eligibility of review. For an application to be considered, the following items are required:

- Official high school transcripts
- Official college transcripts from all colleges attended
- ACT or SAT scores (if graduated high school within last 1010 years)

TEAS and Critical Thinking test scores

Admission Status to AASN	Admission Criteria	Decision
AUTO-ACCEPT	<ul style="list-style-type: none"> • ACT \geq 22 or SAT \geq 1530 (prior to 3/2016) and 1110 (post 3/2016). Waived if out of high school > 10 years • GPA High School* or Cumulative GPA (if transfer) \geq 3.0 • Critical Thinking (CT) Entrance \geq 70 • ATI TEAS composite score \geq 70 with a minimum Science score of 45. <p><i>*GED</i></p> <ol style="list-style-type: none"> 1. <i>HS GPA will be waived if successfully completed GED</i> 2. <i>Admissions committee will review if applicant has GED and has been out of HS 10 years and no ACT/SAT test available</i> 	<p>If student meets all 4 criteria will be auto-accepted to AASN</p> <p>If 3 out of 4 criteria are met, a special circumstance may be considered with approval of the Academic Dean of Nursing.</p>
PRE-NURSING	<ul style="list-style-type: none"> • Minimum ACT score of 19 or SAT score of 1340 (prior to 3/2016) and 990 (post 3/16). Waived if out of high school > 10 years • GPA High School* or College Cumulative GPA \geq 2.1 • CT \geq 61 • ATI TEAS composite score \geq 58 (<i>Min. Nat'l Standard for proficiency</i>) <p><i>(Applicants are selected based on Entrance Test scores and availability of seats)</i></p>	<p>Student is accepted to the College. Confirm seat by mat fee paid date.</p> <p>If 3 out of 4 criteria are met, a special circumstance may be considered with approval of the Academic Dean of Nursing.</p>

	<p><i>*GED</i></p> <ol style="list-style-type: none"> 1. <i>HS GPA will be waived if successfully completed GED</i> 2. <i>Admissions committee will review if applicant has GED and has</i> <p style="text-align: center;"><i>been out of HS 10 years and no ACT/SAT test available</i></p>	*Process to be fully accepted in AASN
LPN to AASN Program Option	<ol style="list-style-type: none"> 1. Must meet the admissions requirements for the College (See Section I) 2. Present valid, unencumbered Licensed Practical Nursing (LPN) license 3. Complete all pre-requisite courses for Nursing 201 (see courses descriptions in the catalog) 4. Complete the GSC NUR 150 LPN to AASN Transition Course (both theory and laboratory) or a transition course from the Ohio Articulation Model 	If student meets all 4 requirements will be auto-accepted to AASN

*A student who falls under the PRE-NURSING category does not have to attain an ATI TEAS composite score of 70. However, to be **fully accepted in AASN**, the student must:

1. Complete 2 GSC Science courses with passing grade;
2. Achieve a cumulative GPA of 2.5
3. Remediate using ATI SmartPrep product; and
4. Achieve ATI TEAS composite score of 62 or greater. If the student's baseline score upon admission is < 62, student can retake the ATI TEAS within one year of completing the remediation. Student can only have a maximum of two attempts.

Advanced Standing (for prior nursing courses or transfer credit)

Advanced Standing for Licensed Practical Nurses (LPNs) in nursing is available. To be eligible, an applicant must:

- (1) meet the admissions requirements for the college,
 - (2) present a valid, unencumbered LPN license,
 - (3) complete all pre-requisite courses, and
 - (4) successfully complete the approved LPN to AASN Transition Course (both theory and laboratory) from the Ohio Articulation Model. The student will be able to enter NUR 201 on a space available basis.
- ACT/SAT Scores

Provisional Acceptance to RN Licensure Program

Provisional acceptance may be granted through Admissions Committee review to applicants who demonstrate a special circumstance or life event.

Provisionally accepted students are required to successfully complete the first three courses with a minimum GPA of 2.5 to earn final admission.

Admission to the Bachelor of Science in Nursing Program (BSN - 48 credit hours)

Post-Licensure BSN Program Requirements

RN applicants to the Bachelor of Science in Nursing (BSN) degree program must meet the admission requirements. All students must meet the following admission requirements before enrolling in post-licensure nursing courses:

- Have a 2.5 or higher cumulative GPA for all pre-licensure coursework
- Hold a current, valid license to practice nursing as a registered nurse. *

**The RN License must be held in the state where the practicum site is located in order to take the BSN practicum courses.*

Provisional Acceptance to the BSN Program

- Applicants with a cumulative GPA of 2.0-2.49 for all pre-licensure course work may be accepted provisionally and permitted to enroll. The requirements are:
 - Register and complete nine credit hours of coursework from the upper division curriculum with an average GPA of 2.5 or above to be eligible for final acceptance to the BSN program.
 - Academic probation, as described in the Academic Standards and Regulations policy, is not an option for provisional students for the BSN upper division program.
 - Applicants who do not pass a course or who do not achieve a 2.5 GPA for the nine credit hours will be denied acceptance to the program.
- Graduates of GSC who wish to enter the RN-BSN program the semester following graduation but have not yet taken the NCLEX-RN licensing examination, may be admitted to the BSN program provisionally, but must acquire RN licensure to progress into the BSN program.

Academic Residency Requirements – BSN

Complete at least 27 credits from the BSN upper division curriculum plan at this College. (A minimum of 21 credits in nursing and 6 credits in general education courses.)

RN to BSN Program

Admission to the RN to BSN Program

RN to BSN - There are two points of entry to the RN to BSN Program.

1. Students who do not have an RN license begin in the AASN program. Upon graduation, the student can take their NCLEX test. Upon receipt of their RN license, students should complete a Change of Status form to continue in the BSN Program.

Dual Program Enrollment: Students may be accepted into both AASN and BSN programs. Students who qualify, may receive financial aid for the total credit hours. Individuals without an RN licensure may complete their program requirements for their RN in the AASN program while taking BSN general education courses. Students must have a 2.5 or higher GPA and be in good academic standing to be Dual Program Enrolled.

2. Students who have an RN license and an AASN pre-licensure GPA of 2.5 may enter the BSN program and take post licensure nursing courses.

Health Science Programs

Admission to Health Science Programs

Admission to any health science program is competitive and the criteria is program specific. Candidates are required to submit all application documents prior to the deadline for eligibility of review. For an application to be considered for any health science program, the following items are required:

- Official high school or GED transcripts
- Official college transcripts from all colleges attended
- ACT or SAT scores (if graduated high school within last 10 years)
- ATI TEAS and CT test scores

To be considered, applicants must meet the following minimum criteria:*

Admission Status to ASHS	Admission Criteria	Decision
ASHS	<ul style="list-style-type: none"> • Minimum ACT score of 19 or SAT score of 1340 (prior to 3/2016) and 990 (post 3/16). Waived if out of high school > 10 years • GPA High School or College Cumulative GPA \geq 2.1 • CT \geq 61 	Student is accepted to the College. Confirm seat by mat fee paid date.

	<ul style="list-style-type: none"> ATI TEAS composite score ≥ 58 (<i>Min. Nat'l Standard for proficiency</i>) <p>(Applicants are selected based on Entrance Test scores and availability of seats)</p> <p>GED</p> <ol style="list-style-type: none"> HS GPA will be waived if successfully completed GED Admissions committee will review if applicant has GED and has been out of HS 10 years and no ACT/SAT test available 	<p>If 3 out of 4 criteria are met, a special circumstance may be considered with approval of the Academic Dean of Allied Health.</p>
--	---	--

*Effective 07/01/18 for Fall 2019 Recruitment Cycle.

Medical Assistant Program

Admission to the technical certificate Medical Assistant Program (35 credit hours)

Students must meet the admission requirements and listed for health science programs.

Candidates are required to submit all application documents prior to the deadline for eligibility of review. For an application to be considered, the following items are required:

To be considered, applicants must meet the following minimum criteria:

Admission Status to MA	Admission Criteria	Decision
MA Certificate (Diploma)	<ul style="list-style-type: none"> Minimum ACT score of 19 or SAT score of 1340 (prior to 3/2016) and 990 (post 3/16). Waived if out of high school > 10 years GPA High School or College Cumulative GPA ≥ 2.1 CT ≥ 61 ATI TEAS composite score ≥ 58 (<i>Min. Nat'l Standard for proficiency</i>) <p>(Applicants are selected based on Entrance Test scores and availability of seats)</p> <p>GED</p> <ol style="list-style-type: none"> HS GPA will be waived if successfully completed GED Admissions committee will review if applicant has GED and has been out of HS 10 years and no ACT/SAT test available 	<p>Student is accepted to the College. Confirm seat by mat fee paid date.</p> <p>If 3 out of 4 criteria are met, a special circumstance may be considered with approval of the Academic Dean of Allied Health.</p>

Academic Residency Requirements

Students in any program must meet academic residency requirements as indicated below:

- Students must meet the academic residency requirements for their program.
- Associate of Applied Science in Nursing Program: A minimum of 48 credits (36 credits in nursing and 12 credits in general education courses) at GSC to qualify for graduation from the AASN degree program. An LPN articulating into the nursing program is eligible to receive 14 nursing credits based on the Ohio Nursing Articulation Model (ONAM).
- Associate of Science in Health Science: A minimum of 30 credits at GSC to qualify for graduation from the ASHS degree program.
- Students must complete all courses from the Medical Assisting Certificate at GSC.

Application Review/Decision Procedure

Admissions applications are reviewed for acceptance as soon as the applicant has submitted all admissions entrance requirements (ACT/SAT, GPA, TEAS & CT, TOEFL (if applicable)) and are processed in the following steps:

1. Admissions completes data sheets
 - a. Data sheets use formulas to calculate scores and note whether the applicant meets the Admissions criteria for their program and where they enter (Auto-accept or Pre-nursing).
 - b. Data sheets are completed by the secretary and then given to the recruiter to verify accuracy and then routed to the Dean of Program and Dean of SSEM.
 - c. Admissions status is changed to reflect appropriate status for admission and reports will reflect as indicated (Accept, Reject, etc.)
2. Data sheets are
 - a. provided to the Registrar for transfer credit review
 - b. given back to secretary to scan into file
3. Recruiter prepares acceptance letter

Requirements upon Acceptance

All new students must complete a health self-assessment and a controlled drug screen at Good Samaritan Hospital Employee Health. The Good Samaritan Hospital Employee Health Department reviews the health assessment, immunization record, and the drug screen. After completion of physical assessment, students requiring academic accommodations must contact the Student Success Center and Title IX-504 Coordinator. There is a fee for immunizations administered in Employee Health. Any disability that may prevent the Applicant from meeting the required curriculum objectives will be evaluated to determine whether reasonable accommodations can be made. Any positive drug screen makes the applicant ineligible for acceptance. Once admitted, students must demonstrate that the hepatitis series and annual TB test are being administered on schedule. This is a requirement for registration into nursing practicum courses.

All new students must also complete a language certification form attesting to their compliance or anticipated compliance with the language standards for admissions set forth in this policy. This is a requirement for all students, regardless of whether English is or is not the student's primary language.

Final acceptance will be granted to applicants who:

- Meet the specified admissions standards
- Submit payment of the nonrefundable matriculation fee
- Complete all health requirements (Health assessment, drug screening and complete immunization history)
- Complete all language requirements (language certification, TOEFL score, acceptable documentation of prior enrollment at institution of higher education where English is language of instruction). (Waived for College Credit Plus students)
- Have a satisfactory police background check
- Provisional students must successfully complete the required courses

Final Acceptance is contingent upon the successful completion of these requirements. Failure to meet these requirements or a change in information provided could result in ineligibility for the program.

Re-admission

General Re-admission Requirements

A student who left the College may apply for readmission. The Admissions Committee will determine if a student will be readmitted to his/her program. A student may be readmitted to their program no more than one time. Acceptance is evaluated based on the composite record of the applicant, and the completion of the Readmission Application form. The composite record includes student GPA, test scores, recommendations from faculty, discipline record, and other information in the student's file. Acceptance is based on the Admissions Committee's decision after considering all documentation of the time of review.

(See Academic Standards and Regulations Dismissal section for additional information)

Placement in the program will be subject to the curriculum in place at the time of readmission.

A readmitted student must adhere to the policies and curriculum in place at the time of readmission. An individual who was dismissed or has withdrawn is not guaranteed re-admission to the program they were dismissed or has withdrawn from, and must meet the current admission criteria and procedures. Re-admission Procedures:

1. Complete and submit the Application for Readmission form.
2. Provide written documentation for withdrawal or failure and indicate the actions the student has followed and/or will follow to ensure success in the program if readmitted. This documentation must be submitted before a student will be considered for readmission.
3. If accepted for re-admission to their program, the individual may register once that individual has met with the learning specialist and has a written success plan in place and/or has met with the compliance officer for disability related situations if appropriate. Other conditions for re-admission, such as random drug testing may be

imposed at the discretion of the College.

4. A student who is academically dismissed and readmitted will develop an individualized academic recovery plan with the Student Success Coordinator.
5. Any unsettled debts to the College must be paid before readmission.
1. In programs with a clinical/technical component, any student (except for students who fall under the exception in #8) who has been out of the College for more than a year, must repeat all clinical/technical coursework required in the curriculum upon return
2. Students who have been out of college six months, and are accepted for readmission to the College must attend new student orientation
3. Any student called to active duty for the military (including National Guard and Reserve), will receive special Leave of Absence (LOA) consideration to aid in the transition to and from the College, and will be promptly readmitted with the same academic status he/she had when last attending. Generally, the “same academic standing” means that the student will be readmitted to the same program, with the same enrollment status, and same number of credit hours completed as he/she had when last attending, unless the student agrees to admission to another program, to a different enrollment status, or the completed credit hours are not transferable. The student must give notice of his/her intent to return to the college within 3 years after the completion of the period of service. Students must meet with Academic Dean to determine if any remediation is needed prior to start of classes for readmitted students.

Transfer by Credit, Credit by Examination, Advanced Placement and Advanced Standing Credit

Good Samaritan College of Nursing and Health Science acknowledges courses taken at other post-secondary institutions may qualify for transfer, but the college reserves the right to determine the acceptability of transfer credits in accord with its mission and goals. As a rule, the following guidelines are followed, but these are not all- inclusive when considering awarding transfer credit at Good Samaritan College:

- A. Transfer credit will only be evaluated based on official transcripts. International transcripts must be evaluated by World Education Services and the WES report must be submitted to Good Samaritan College.
- B. Courses taken at any post-secondary institution accredited by one of the six regional accrediting associations, provided the completed courses carry a grade of C (2.0) or better can be considered.
- C. Courses taken at a post-secondary institution of higher education not accredited by one of the six regional accrediting associations will be considered on an individual

basis through course to course validation. Syllabi may be requested before transfer credit takes place.

- D. Military credit will transfer if appropriate to the requirements of the curriculum plan for the program in which the student is enrolled.
- E. The time limit for courses eligible for transfer is 10 years. Exceptions can be made by the Registrar's Office in consultation with appropriate department chairs
- F. Transfer credits do not carry a grade and are not included in the cumulative grade point average of the college.
- G. When a student waives their right to a transfer course, they are held accountable for the course taken at Good Samaritan College. If a failure results in that course, it must be repeated at Good Samaritan College.
- H. All transfer credit coursework must be documented on or before the first day of classes in which the student is enrolled as a degree seeking student.
- I. Students may appeal or request additional review of coursework for transfer credit up to 3 weeks prior to starting at the college. These requests should be made in writing to the Registrar.
- J. Upon enrollment students who wish to complete additional transfer work must get approval in advance from Deans of Nursing/General Education using the Off-Campus Course Approval paperwork.

Restrictions Include:

1. Students are not ordinarily permitted to take courses elsewhere when space is available at GSC.
2. Students approved to take courses off-campus will be required to take courses at institutions within the GCCCU consortium.
3. Students taking courses off campus must be in good academic standing.
4. Credits not pre-approved will not be considered for transfer.

Credit by Examination

Good Samaritan College also grants credit, on a limited basis, for the College- Level Examination Program (CLEP) of the College Entrance Examination Board. Students must meet the American Council on Education (ACE) recommended credit-granting scores in order to earn the credit. If the CLEP score is below the recommended score, the student may not retake the CLEP for credit.

Advanced Placement

Good Samaritan College grants advanced placement and college credit for appropriate courses to entering students who have earned a score of 3 or better on the Advance Placement (AP) exam from the College Board.

Advanced Standing (for prior nursing courses or transfer credit)

Advanced Standing for Licensed Practical Nurses (LPNs) in nursing is available. To be eligible, an applicant must meet the admissions requirements for the college, present a valid, unencumbered license, and complete all pre-requisite courses. Additionally, the applicant must successfully complete of the approved NUR 150 LPN AASN Transition Course (both theory and clinical) to receive credit for NUR 101 (6 credits) and NUR 102 (8credits). The student will be able to enter NUR 201 on a space available basis. (See Transfer Credit, Credit by Examination and Advanced Placement and Advanced Standing Credit Policy for additional information for students with LPN License who wish to transfer credit by Advanced Standing.)

Nursing Credit for BSN Students

Successful completion of the NCLEX-RN, the national licensing examination will serve as validation that prospective students have successfully met the learning outcomes for pre-licensure nursing and pharmacological math coursework.

Thirty-six hours of pre-licensure nursing course along with one hour of pharmacological math credit will be awarded to students for successful completion of the NCLEX-RN.

New Student Orientation

All new students are expected to participate in the College General Orientation (“New Student Take-off”). Students will complete an online Orientation module prior to attending the in person New Student General Orientation that is held the week prior to start of class.

Other Regulations

- Application files are considered confidential. Information is released only upon written request of the applicant. Please see Safeguarding Consumer Information at <http://www.gscollege.edu/consumer-information/safeguarding-consumer-information>.
- Files of applicants who withdraw their application or are rejected for admission will be held for one year.
- Applicants who have served in the armed forces must submit a copy of their discharge papers.
- All applicants must be truthful and accurate on their applications and in the materials they provide to the College.
- Applicants who have served in the armed forces must submit a copy of their discharge papers.

Ohio State Board of Nursing Requirements

The Ohio Board of Nursing makes all eligibility decisions for registered nurse licensure in the State of Ohio. Prospective pre-licensure nursing students are advised that, when applying for state licensure examinations, they will be required to indicate whether or not they have ever:

(1) been convicted of a felony or other crimes, including illegal use of chemical substances or controlled drugs, and, (2) been diagnosed with or treated for bipolar disorder, schizophrenia, paranoia or any other psychotic disorder in the last five years or since reaching the age of eighteen (whichever period is shorter). While a positive response to these questions may not disqualify an applicant for admission to the College, it may disqualify the candidate for licensure. All candidates for licensure examination will be required to submit their fingerprints to the Bureau of Criminal Identification and Investigation (BCI&I) to process a civilian background check, and to the Federal Bureau of Investigation (FBI) for identification and a criminal background check. Contact the Ohio Board of Nursing to obtain information on these requirements.

Admission to the College is neither a representation nor guarantee that a student possesses the qualifications to obtain professional licensure in their chosen state.

Application Procedure

Good Samaritan College employs an electronic application system. Applicants must complete the application at www.gscollge.edu under the apply now link. The online application process requires the creation of a login. The applicant will then use that login to access the information section of the application. Once the application has been completed and submitted, the non-refundable application fee must be paid. Applicants who are employees of TriHealth, alumni of GSC, or relatives of a GSC alumni, may request an application fee waiver from the admissions office. Other requirements include the following:

AASN and ASHS Programs

1. Request an official high school transcript, showing GPA and all standardized tests (SAT or ACT if graduated from high school within last 10 years), be sent to the College. Official transcripts from all colleges and universities attended must also be sent.
2. Test of Essential Academic Skills V (TEAS) and Critical Thinking Assessment: Entrance test scores officially submitted from ATI (can be scheduled through www.uc.edu/testingervices (look for TEAS\CT and schedule your test day) or contact GSC for on-site testing dates.
3. Applications are only considered and evaluated when all application materials have been received by the Admissions Office. The application materials include: the

application form, application fee, all official high school transcripts, all official post-secondary education transcripts, and official results of standardized tests (including TEAS/Critical Thinking). Additional information or clarification may be requested.

4. Acceptances to the Associate of Applied Science in Nursing and the Associate of Science in Health Science are competitive. Applications must be submitted prior to the deadline (Fall Deadline: December 1 and Spring Deadline: July 1). Eligible applicants will be reviewed and offered admission within a few weeks of the deadline.

BSN Program

1. Request official transcripts from high school and all colleges attended to be sent to GSC directly from those institutions.
2. Applications are only considered and evaluated when all application materials have been received by the Admissions Office. The application materials include: the application form, application fee, all official high school transcripts, and all official post-secondary education transcripts. Additional information or clarification may be requested. Registered Nurse licensure is verified during the enrollment process.
3. Acceptances to the Bachelor of Science in Nursing are selective. Applications must be submitted prior to the deadline. Acceptances are limited based on available spacing.

Health Sciences-ASHS

Associate of Science in Health Science

Today's healthcare job market is expanding rapidly and there is an immediate need for health science professionals to support the growth. The Associate of Science in Health Science (ASHS) program offers a flexible curriculum focused on the health sciences to prepare a student for continuing postsecondary education in a medical or science program or a career in healthcare. An ASHS graduate could support a health system in areas such as clinical and medical research, medical writing, health education, and specialized customer service.

The ASHS Program will serve a variety of purposes while preparing students for admission into a professional health care curriculum:

- prepare students for other degrees

- provide opportunities for students who may need to complete prerequisite or developmental coursework prior to acceptance into a professional health science program, or to pursue post-secondary education
- provide foundational course credit easily transferable to another college or university
- provide a strong foundation in general education, science, mathematics, and health sciences
- provide comprehensive basic science education

An important aspect of the ASHS program is the flexibility it offers students who have different educational objectives. The wide variety of general education courses available to ASHS students allows them to complete most, if not all general education core requirements before entering any number of professional education programs of a health science nature.

When the student is granted admission into a health science curriculum, he/she are able to seamlessly move general education credit from the ASHS Program into health care curriculums. The same concept applies to ASHS students who have completed course work at other accredited institutions. Those credits are transferred into the ASHS program and count toward fulfillment of ASHS requirements.

The GSC faculty is dedicated to the success of the student, with an emphasis on successful completion of the core curriculum. The faculty are highly credentialed and accredited in all areas of their responsibility. They provide close supervision in the classroom and laboratory setting, are skilled in the use of technology, and actively involved in student advising and supervision.

Program Level Student Learning Outcomes

Curriculum Plan

The College admits students twice a year in August and January. The full-time curriculum plan is designed to be completed in four semesters. The curriculum plan is laid out in a slightly different pattern for each admission cycle. If you have transfer credit or attend part-time, your personal curriculum plan will need to be customized for you. Please contact our admissions staff at 513-862-1678 for specific questions.

Medical Assisting

Technical Certificate

This medical assistant program is taught over three (3) semesters and will prepare students for entry-level positions in ambulatory health care settings such as physician offices and outpatient clinics. This program will focus on skills and knowledge to perform competently in both the clinical and the administrative areas of healthcare including obtaining vital signs, preparing and administering medications, performing laboratory procedures, utilizing the electronic medical record, scheduling appointments, performing diagnostic and procedural medical coding, and adhering to safety and emergency procedures. Courses included in the program is offered in full-term (15 week) sessions or 10 week sessions in the summer semester. There will be weekly face-to-face meetings with homework using our Learning Management System (LMS) making up no more than 50% of the course. This program is NOT an online program and NO LAB hours are obtained via online work. During the last semester, students will participate in a 210-hour practicum in a physician office. Upon completion of the program, students will pursue a credential by sitting for a national certification examination.

Nursing AASN

Associate of Applied Science in Nursing (AASN)

The pre-licensure nursing curriculum provides a background in principles of nursing, the biological, physical, and behavioral sciences; as well as liberal arts. This rigorous academic curriculum ensures that our graduates are well prepared to function as a beginning professional nurse.

Nursing Philosophy

The philosophy of the AASN program is consistent with the Good Samaritan College of Nursing and Health Science mission and goals.

[View Nursing Philosophy](#)

Learning Centered Environment

A conceptual approach is supported by a learning centered environment. Integral to a learning centered environment is the belief that education provides the student tools for accessing current information and promotes life-long learning. In a learning-centered environment, the student is actively engaged in the learning process and is responsible for his/her own learning. The role of the faculty is to support and facilitate the student's learning by optimizing learning experiences.

Concept-Based Curriculum

The organizing framework for the nursing program is concept-based: Identifying essential concepts related to the patient, the nursing profession, and the health care system. The concepts intrinsic to the patient are both physiological and psychosocial. The concepts intrinsic to the nursing profession are related to the core components of professional practice and incorporate the art of caring as well as the science of nursing. There is an emphasis on the nurse's responsibility in protecting and empowering the patient. Nursing process and evidence-based practice are the foundation for clinical decision making in providing patient-centered care. The concepts intrinsic to the health care system encompass community and society. The health care system is the environment in which the individual receives care and in which the nurse practices patient-centered, collaborative care.

Associate of Applied Science in Nursing

AASN End of Program Student Learning Outcomes (8 EPSLOs)

1. **Professional Behavior.** Practice within the ethical and legal framework of the profession of nursing.
2. **Communication.** Communicate effectively with patients, families, and other individuals significant to the patient, and health team members.
3. **Assessment.** Assess holistically the health status of patients and the factors necessary to assist patients in adapting to changes in health status.
4. **Clinical Decision Making.** Utilize evidence-based practice to demonstrate sound clinical judgement and decision making that ensures holistic, accurate, and safe nursing care.
5. **Caring.** Provide caring interventions to patients, families, and other individuals significant to the patient.
6. **Teaching-Learning.** Employ effective teaching strategies to provide relevant health instruction to achieve desired learning outcomes.
7. **Collaboration.** Engage in collaborative practice with patients, families, other individuals significant to the patient, health team members, and the community across the wellness-illness continuum.
8. **Managing Care.** Manage care effectively to meet the needs of patients transition within and across health care settings.

AASN Program Outcomes

1. **License Examination Pass Rate:** Annual licensure exam pass rate will be at or above 95% of the national mean for all first time test-takers during the same 12-month period.
2. **Program Completion Rate:** At least 70% of students will complete the program within 3-4 years after beginning NUR101 Nursing I course (150%) of the published program length.
3. **Job Placement Rate:** At least 80% of graduates will achieve employment within 12 months from graduation date.

Curriculum Plan

The college admits students twice a year in August and January. The full-time curriculum plan is designed to be completed in four semesters and one six-week summer session.

The curriculum plan is laid out in a slightly different pattern for each admission cycle. If students have transfer credit or attend part-time, an individualized curriculum plan will be developed. Please contact our admissions staff at 513-862-2743 for specific questions.

Progression in the Associate Degree Nursing Program encompasses the policy specific to grading in the nursing courses. These policies can be found in the student portal which is accessible by students after their acceptance into the program.

Nursing RN – BSN Completion

Bachelor of Science in Nursing

The GSC Bachelor of Science in Nursing (BSN) program challenges women and men to strive for intellectual and professional excellence, to build inclusive communities, and to promote social responsibility. The program is designed for adult learners who prefer a combination of guided independent study, peer learning, and faculty-facilitated on-site learning in a collegial environment with faculty and students.

The RN-BSN Program is offered in a hybrid learning format consisting of face-to-face and online learning. Upon completion of the BSN program, the graduate is prepared for advanced degree study.

GSC's BSN program is formatted in a 2+2 approach. Program coursework is available to both RN and non-RN students. Applicants who do not pass a course or who do not achieve a 2.5 GPA for the nine credit hours will be denied acceptance to the program.

GSC Graduates who wish to enter the BSN program the semester following graduation but have not yet taken the NCLEX-RN licensing examination may be admitted to the BSN program provisionally but must acquire RN licensure to progress into the nursing courses.

Nursing Philosophy

The philosophy of the BSN nursing program is consistent with the mission of the Good Samaritan College of Nursing and Health Science.

[View Nursing Philosophy](#)

RN-BSN End of Program Student Learning Outcomes (5 EPSLOs)

1. **Knowledge Synthesis.** Integrate knowledge from multiple disciplines to provide safe, high quality patient-centered care including health promotion and risk reduction.
2. **Technology Use.** Utilize technology to synthesize theory, research and practice data to support and evaluate decision making and quality improvement in nursing practice.
3. **Leadership Integration.** Integrate leadership systems change and social justice principles to important health outcomes of individuals, families, and populations in a variety of healthcare settings.
4. **Interprofessional Collaboration.** Collaborate with other members of the interprofessional health care team to improve effectiveness of health care systems.
5. **Learning.** Strengthen own professional identify and commitment to lifelong learning.

RN-BSN Program Outcomes

1. ***Program Completion Rate:*** At least 75% of students will complete the RN-BSN program within 3-4 years after beginning NUR301 Transition course.
2. ***Job Employment Rate:*** At least 85% of respondents will maintain or advance current employment within 12 months from graduation date.
3. ***Program Satisfaction Rate:*** At least 75% of program graduates will select a “4” or “5” rating on a 5-point scale with 5 being the highest rating when asked to rate their satisfaction with the RN-BSN program overall.

Curriculum Plan

The college admits students twice a year in August and January. The full-time curriculum plan is designed to be completed in four semesters. The curriculum plan is laid out in a slightly different pattern for each admission cycle. If you have transfer credit or attend part-time, your personal curriculum plan will need to be customized for you. Please contact our admissions staff at 513-862-3578 for specific questions.

Course Descriptions

ALH105 Medical Office Procedures I

3 Credit Hours

The focus of this course is professional and career responsibilities for the credentialed medical assistant, interpersonal communication, concepts of medical law and ethics, and administrative duties including appointment scheduling, telephone techniques, the electronic medical record, inventory control, and safety in the medical office.

Pre-requisite: Acceptance into the Medical Assisting Program

ALH106 Medical Office Procedures II

3 Credit Hours

The basics of diagnostic and procedural coding are covered in this course. An emphasis on reimbursement and third-party payers including accurate completion of the CMS-1500 form (paper and electronic), private and government payers, the Patient Accountability and Affordability Act, and medical/legal aspects of reimbursement.

Pre-requisite: ALH150; ALH110; ALH105

ALH107 Pharmacology Math

3 Credit Hours

This course is an introduction to the concepts of pharmacology and drug classifications including indications and contraindications, normal dosages including ranges, drug actions, and side effects. Also included is a review of the apothecary, household, and metric systems of measurement including conversion between these systems and calculating dosages with an emphasis on safety.

ALH110 Medical Terminology

3 Credit Hours

This course will focus on medical word building to develop the medical vocabulary used in health science occupations through the study of word roots, prefixes, and suffixes. There will be an emphasis on pronunciation, spelling, and use of medical terms including common derivations.

ALH111 Human Body and Disease

3 Credit Hours

A systemic approach to the study of the human body is the focus of this course including cellular processes, tissue classification, and organ systems for all body systems. Emphasis is placed on

comparisons between normal and diseased states.

ALH150 Clinical Procedures I

3 Credit Hours

An introduction to clinical and diagnostic procedures used in the medical office. Topics include the principles of infection control, documenting in the medical record, vital signs, medical and surgical asepsis. Routine examination room procedures for adult, geriatric, and pediatric patients will be the focus of this course.

Pre-requisite: Acceptance into the Medical Assisting Program

ALH151 Clinical Procedures II

3 Credit Hours

This course will focus on specialty examination procedures including obstetrics/gynecology, cardiology, pulmonary, dermatology, gastroenterology, allergy and immunology, ophthalmology, otolaryngology, and pulmonary procedures. Sterile techniques including assisting with minor office surgical procedures are part of this course as well as basic first aid and administration of medications.

Pre-requisite: ALH110; ALH107; ALH150

ALH152 Clinical Procedures III

3 Credit Hours

A focus on laboratory procedures used in the medical office including collecting, processing, and transporting a variety of specimens. Concepts in blood chemistry, hematology, immunology, microbiology, and urinalysis are covered including accurate specimen collection. CLIA-waived testing to obtain baseline or diagnostic results and quality control measures is emphasized.

Pre-requisite: ALH151

ALH155 Professional Preparation

2 Credit Hours

This course provides a review of the administrative, clinical, and general concepts necessary to take and successfully pass a national certification examination. The various national examinations and their respective eligibility requirements are discussed and taking one of the exams is required to complete this course. Maintaining a professional credential is emphasized including professional development and continuing education.*

*Must take concurrently with ALH199, Medical Assisting Practicum

Prerequisites: Permission of the Program Manager and/or the Dean of Allied Health; All medical

assisting courses must be successfully completed to take this course.

ALH156 Phlebotomy

3 Credit Hours

This course will focus on the concepts of collecting blood specimens via phlebotomy techniques including quality control and safety. Students will collect blood specimens using an evacuated system, a winged-infusion set, and a syringe to obtain the quantity required for the test ordered. There will be an emphasis on blood collection tubes and collecting whole blood, plasma, and serum depending on the type of test ordered.

Pre-requisite: ALH151

ALH199 Medical Assisting Practicum

3 Credit Hours

The emphasis of this course is to place students in an approved physician office to allow an opportunity to perform administrative and clinical procedures in a supervised setting. Each student must complete 210 unpaid hours in the ambulatory office including any orientation to the office, health system, or electronic health record system. These hours are generally completed during the day and regular work week, however some offices may have opportunities for evening or weekend hours.*

*Must take concurrently with ALH155, Professional Preparation

Prerequisites: Permission of the Program Manager and/or the Dean of Allied Health; All medical assisting courses must be successfully completed to take this course.

BIO201 Human Anatomy and Physiology I 4 Credit Hours

This is the first course in a two-semester sequence designed to provide in-depth examination of the structure and function of the human body. This course covers the basic biochemistry and cell physiology upon which the study of human physiology will be based. It also covers the structure and function of human tissues, and the integumentary, skeletal, muscular, and nervous systems. Lecture and laboratory.

BIO202 Human Anatomy and Physiology II 4 Credit Hours

Biology 202 follows Biology 201 as the second course in a two-semester Anatomy and Physiology sequence. Students build upon the principles established in Biology 201 and integrate those principles with other body systems. The systems addressed in Biology 202 include the special senses, endocrine system, respiratory system, digestive system, immune system, lymphatic system, cardiovascular system, urinary system, homeostasis of fluids and electrolytes, and reproduction. Lecture and

laboratory.

Pre-requisite: BIO 201

BIO215 General Microbiology

4 Credit Hours

A survey course covering the history, structure, growth, and molecular genetics of infectious agents. Special emphasis is placed on the use and mechanism of antibiotics, host defenses, and infectious control of microorganisms in a medical setting. Current topics in microbiology and epidemiology are discussed. The laboratory portion includes techniques for growing, manipulating, and sampling of microorganisms and application of principles learned in the lecture portion. Lecture, laboratory and demonstration.

Pre-requisite: BIO 201

BIO216 Microbial

Pathogenesis 1 Credit Hour

A brief survey of microbial pathogenesis, the immune system, and the treatment of microbial disease. Current topics in microbiology and epidemiology are discussed. The laboratory portion is focused on learning standard techniques for growing, manipulating, and observing microorganisms based on the application of principles learned in the lecture portion. Lecture, laboratory, and demonstration are utilized to cover course content.

Pre-requisite: Transferred credit for a 3-credit hour microbiology course.

BIO311 Pathophysiologic Basis of Patient Care

3 Credit Hours

This hybrid course is facilitated by an interdisciplinary faculty. A hybrid learning format consists of an online format and face to face delivery. Pathophysiology as it relates to common chronic health conditions, the connection between pathology at the cellular/organ level, and patient assessment, interventions, and evaluation of patient response are included.

Pre-requisites: BIO 201 & 202, BIO 215, CHE 101 & 102, NUR102

CAP201 Health Sciences

Capstone 1 Credit Hour

The capstone course in the health Sciences Degree Program is a terminal course designed to have student integrate learning in all courses taken and be able to share that learning

with peers and faculty.

Pre-requisites: BIO 201, & 202, CHE 101 &102, ENG 100,102, & 105, ETH 105, MTH 111, PSY 103 & 205, SCI 100, SOC 103 &104.

Co-requisites: BIO 215, ETH 212, CSI 102, MTH204

**CHEM101 General
Chemistry 4 Credit Hours**

A foundational course in the theories and concepts of inorganic and organic chemistry. The course covers structure of atoms, the periodic table, bonding of atoms, and functional groups of organic chemistry and their reactions. Lecture and laboratory.

**CHEM102 General Chemistry II
4 Credit Hours**

A study of biochemistry of carbohydrates, lipids, and proteins, and their metabolism, and mechanism of action of some classes of pharmaceutical drugs, as related to biochemistry. Lecture and laboratory.

Pre-requisite: CHEM 101

**CSI102 Informatics & Technology in Health Care
3 Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. Systems theory, quality, decision-making, and the organizational role of information systems are introduced. Emphasis is on the role of informatics and telecommunications in tracking and evaluating health care indicators and outcomes.

**ENG101 English Composition I
3 Credit Hours**

Provides a foundation for reading and writing skills that can be applied to personal, academic, and professional life. Initiates and integrates the composing process with critical reading and thinking.

**ENG102 English Composition II 3
Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course builds upon and enhances the writing and reading skills developed in English Composition I. Emphasis is on organization, development of ideas, and techniques of persuasive and informative writing.

Pre-requisite: ENG 101.

**ENG105 Professional
Communication 3 Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course is offered in a hybrid format. A hybrid learning format is offered in an online format and face to face delivery. This course is designed to help students write and speak effectively in the academic and work setting. Students engage in writing and speaking assignments to apply the principles conveyed. The importance of effective communication in quality health care is stressed.

Pre-requisite or Co-requisite: ENG102.

**ETH105 Ethics Foundations
3 Credit Hours**

This course will introduce students to the history, vocabulary, and process of ethical reflection. Students will learn how culture, historical events, and philosophy affect moral reflection and judgment.

**ETH212 Health Care Ethics
3 Credit Hours**

The development of ethical principles and presuppositions, and an analysis of the major ethical issues raised in contemporary health care.

**ETH321 Social Ethics
3 Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course will introduce students to ethics beyond personal ethics. Students will learn about the philosophical underpinnings of social ethics, of social ethics in various traditions, issues of justice, and public health domestic and international.

Pre-requisite: ETH 105 or ETH 212

BSN transfer students who have met the Humanities requirement for entry are not required to complete ETH 105 or ETH 212.

**MTH103 Pharmacological Mathematics
** 1 Credit Hour**

Basic concepts of dosage calculations with emphasis on intravenous and pediatric medications using dimensional analysis.

**Students may challenge MTH 103 course after completion of self-study.

MTH107 Math for Health Science**3 Credit Hours**

A study of mathematics appropriate for health science. Convert within and between metric, household and apothecary systems; read and interpret health science graphs, labels and forms; calculate and apply statistical concepts; solve problems involving scientific notation.

MTH111 Algebra & Probability**3 Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. Algebra and introductory probability. This course prepares the student for Basic Statistics.

M T H 204 Basic Statistics**3 Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. Introduces students to statistics as they apply to health care practice and research. Descriptive and inferential statistics are introduced. Broad aspects of testing statistical hypotheses are included. This course prepares the student to begin to critically read research findings.

+Pre-requisite: MTH 111.

Nursing 101 Nursing I**6 Credit Hours (3 Theory, 3 Clinical)**

The course introduces essential concepts of safe and effective nursing care for the adult patient, utilizing nursing process and evidence-based practice. The art and science of nursing is the foundation of the course. Content focuses on the introduction of the wellness/illness continuum and the core competencies of clinical practice. The competencies include professional behaviors, communication, clinical decision making, assessment, caring interventions, teaching/learning, collaboration, and managing care. The clinical experience is designed to facilitate the fundamental acquisition of the core competencies of clinical practice. Emphasis is placed on health assessment of the adult, recognition of alterations from the norm and caring interventions.

Co-requisites: BIO 201, CHE 101, PSY 103.

Nursing 102 Nursing II**8 Credit Hours (4 Theory, 4 Clinical)**

The course applies concepts of safe and effective nursing care focusing on adults experiencing acute and chronic alterations across the wellness/illness continuum. The course focuses on nursing management of the adult patient's response to health alterations through the application of nursing knowledge, nursing process and evidence based practice. The clinical experience is designed to facilitate the development of the core competencies of clinical practice: professional behaviors, communication, clinical decision making, assessment, caring interventions, teaching/learning, collaboration, and managing care. Emphasis is placed on clinical decision making, communication, and teaching/learning concepts.

Pre-requisites: BIO 201, CHE 101, PSY 103, NUR 101.

Co-requisites: BIO 202, CHE 102, MTH 103.

Nursing 201 Nursing III

10 Credit Hours (5 Theory, 5 Clinical)

The course adapts concepts of safe and effective nursing care for children, adults and families, concentrating on health care needs on the wellness/illness continuum across the life span. The course focuses on a more comprehensive application of the student's nursing knowledge, nursing process and evidence based practice. The clinical experience is designed to facilitate progression in the core competencies of clinical practice: professional behaviors, communication, clinical decision making, assessment, caring interventions, teaching/learning, collaboration, and managing care. Emphasis is placed on family communication, teaching/learning, and team collaboration concepts.

Pre-requisites: BIO 202, CHE 102, ENG 101, MTH 103, NUR 102, PSY 205.

Co-requisites: SOC 103, BIO 215.

Nursing 202 Nursing IV

10 Credit Hours (5 Theory, 5 Clinical)

The course integrates concepts of safe and effective nursing care for individuals and groups of patients. The course is designed to facilitate integration of knowledge, evidence-based practice, and clinical decision making in the management of patients with complex health care needs.

Clinical decision-making skills are enhanced through advanced clinical experiences and role transition opportunities. Emphasis is placed on the demonstration of the core competencies of clinical practice: professional behaviors, communication, clinical decision making, assessment, caring interventions, teaching/learning, collaboration, and managing care for individuals and groups of patients.

Pre-requisites: SOC 103, BIO 215, NUR 201.

Co-requisites: ETH 212, NUR 260.

Nursing 260 Nursing V

2 Credit Hours (2 Theory)

The course is designed to facilitate the student's transition into the profession of nursing. The focus of the course is on the role of the nurse in relation to the health care system. Emphasis is placed on the concepts of communication, professional behaviors, evidence-based practice, managing care, and health care policy.

Co-requisite: NUR 202.

Nursing 301 Baccalaureate Nurse Transition*

3 Credit Hours

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course introduces students to concepts and issues relevant to contemporary professional nursing practice and introduces students to skills essential for the transition to baccalaureate education. An emphasis is placed on selected philosophies and theories applicable to nursing, professional identity, and the professional values of altruism, autonomy, human dignity, integrity, and social justice. Emphasis is on Jean Watson's Theory of Human Caring.

Pre-requisite: ENG 102

Co-requisite: ENG 105

Nursing 311 Healthy Aging*

3 Credit Hours

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course will explore the multiple dimensions of aging in America and in global societies. The emphasis will be on foundations of healthy, successful aging based on national indicators, as well as the personal definitions and meanings of the older adult. Students will learn to support optimal promotion of health and wellness, while exploring the care of those who might also be experiencing illness, recovery, or the end of life.

Pre- or Co-requisite: NUR 301.

Nursing 315 Nursing Research*

3 Credit Hours

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course is an introduction to the principles of scientific inquiry and the research process. Emphasis is placed on the role of the professional nurse in interpreting research findings for applicability to nursing practice, and in identifying research problems in nursing practice.

Pre- or Co-requisites: NUR 301, MTH 204.

Nursing 321 Holistic Health Concepts*

3 Credit Hours

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course is facilitated by an interdisciplinary faculty. Students' assessment skills will be enhanced by focusing on a multiple determinants of health approach. The range of personal, social, economic, and environmental factors that influence health status will be discussed, including social factors, health services, individual behavior, biology and genetics, and policy making; as well as the critical role of patient preference and values in provision of high quality care.

Pre- or Co-requisite: NUR 301.

Nursing 331 Population Health Care*

2 Credit Hours

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course offers various issues, models, and concepts that impact the health of populations will be explored. The role of the nurse in facilitating the health of populations at-risk in community and public health will be emphasized, with a focus on vulnerable populations and the ethical, legal, political, social, cultural, and economic factors that impact care.

Pre or Co requisites: 301, 332

Nursing 332 Population Health Care Practicum

1 Credit Hour

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This practicum focuses on aggregates as the recipient of nursing care.

Pre- or Co-requisites: NUR 301

Co-requisite: NUR 331.

Nursing 411 Principles of Nursing Leadership***Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course integrates previously learned nursing knowledge and skills with contemporary leadership, systems, and change theories, enhancing students' leadership skills in the practice setting and profession. Students will identify leadership challenges created by increasingly complex health care environments, and the interface between patient advocacy, quality improvement, inter-professional collaboration, and legal, regulatory, and professional nursing standards.

Pre- or Co-requisites: 301

Nursing 415 Continuity of Care***3 Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This course will focus on the unique role of the nurse in protecting patient safety and ensuring continuity of care during patient transitions in the healthcare system. Emphasis will be placed on systems assessment, change theory, effective communication, and inter-professional collaboration.

Pre- or Co- requisites: 301

Nursing 431 Role Exploration**Seminar 1 Credit Hour**

This course provides a culminating experience for the BSN student. Present and evolving nursing contributions in a reformed health care system are emphasized. Students are guided in the development of a self-directed practicum in a selected role.

Pre-requisites: 301

Co-requisite: NUR301, NUR 432.

Nursing 432 Role Exploration**Practicum 2 Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This practicum course provides opportunities for students to explore a professional role through research, interviews, and precepted experiences. The role can be one of possible graduate study or career advancement.

Pre-requisites: NUR301

Co-requisite: NUR 431.

Nursing 485 Capstone: Quality Improvement Project***3 Credit Hours**

This course is offered in a hybrid format. A hybrid learning format consists of an online format and face to face delivery. This is the terminal course in the BSN Program. The student will utilize quality improvement processes to identify a clinical problem impacting patient health and/or safety, investigate causative factors, develop an evidence-based plan for problem resolution, and communicate the plan to appropriate stakeholders.

Pre-requisites: NUR 315, 321, 331, 332. Pre- or Co-requisites: NUR 411, 415, 431, 432.

Psychology 103 An Introduction to Psychology**3 Credit Hours**

Introduction to the basic psychological processes and study of human behavior including methods, principles, and theories of psychology.

Psychology 205 Lifespan**Development 3 Credit Hours**

An in-depth look at the human biopsychosocial and spiritual development from conception to death. Emphasis will be placed on the integration of research, theories and practice, including current issues/ideas present in the field of developmental psychology.

Pre-requisite: PSY 103

Science 100 Introduction to**Science 3 Credit Hours**

This course introduces the student to the process of science. Using important individuals and their scientific achievements as examples, the student will be able to recognize and judge the impact of good science on society. Analysis of current scientific events will play a key role in the learning process.

Sociology 103 An Introduction to**Sociology 3 Credit Hours**

Concepts and principles basic to the understanding of human society today. The study of social behavior, group experience, and modern communities.

Sociology 104 Social Issues in Health**Care 3 Credit Hours**

This course examines the interaction between society and the health care system. One of the goals of the course is to identify the relationships between social life and morbidity and mortality

rates. This course deals with health and illness in relation to social institutions such as family, employment, and school. Topics covered generally require a global approach of analysis due to the variance of influence of societal factors.

Pre-requisite: SOC 103

*- A portion of this course is provided in an online format. Students must have internet access to participate.

Academic Standards

Grading System

Students will be evaluated according to the following grading system. Numerical grades are based on the whole number with no rounding.

Grade	Numerical Equivalent	Quality Points
A - Excellent	90 - 100	4
B - Good	80 - 89	3
C - Average	70 - 79	2
D - Failure	60 - 69	1 (Used only for calculation of GPA)
F - Failure	59 and Below	0

Grade	Description
P	Designates a passing grade in challenges only. Grade not used in the calculation of GPA.
I	Designates incomplete for a grade that has been temporarily withheld. Incomplete is used only in cases where, due to extenuating circumstances, a final grade cannot be submitted on the date due. To avoid an incomplete becoming an F grade, the incomplete must be removed within 10 school days. Any exceptions to this policy or extension of time must be approved by

Grade	Description
	the Department Chair or Dean of Academic Affairs.
AU	<p>Designates audit. A student may audit a course(s) upon the approval of the Department Chair.</p> <ol style="list-style-type: none"> 1. Student must register officially for the course(s). 2. Student will pay a nonrefundable audit fee equal to the cost of the course. 3. Auditors may attend and observe class lecture only. 4. Auditors are not required to take examinations. 5. Auditors do not receive credit for course(s). An AU grade will be entered on transcripts.
W	<p>Designates withdrawal from a course prior to the end of the 10th week of the Fall or Spring semester and the equivalent period of time in Summer sessions. The course must be repeated in its entirety in order to receive credit. Students in need of an extension must file a petition with documentation on why an extension is needed to the appropriate Dean.</p>
WP	<p>Designates withdrawal from a course with a passing grade of 70% or above the Fall or Spring semester and the equivalent period of time in Summer sessions.</p>

WF	Designates withdrawal from a course with a failing grade below 70% after the 10th week of the Fall or Spring semester and the equivalent period of time in Summer sessions. A WF will be considered a failure in the course.
-----------	--

- Students must achieve a grade of C or better in both nursing and general education courses.
- If a student receives a D, F, or WF in any course, that course must be repeated and completed with a grade of C or better.
- A grade of C must be achieved in prerequisite courses before the student may progress to the next course.
- Students may receive a grade of W/WP/WF, for no more than 15 credit hours over their academic careers. When a student withdraws for their 16th credit hour, they are academically dismissed from the college. Any withdrawal is subject to all financial aid and satisfactory academic progression.
- A student may request a leave of absence (LOA) for any reason. The LOA request must be submitted in writing to the Registrar. Students on LOA are withdrawn from all courses and will be assigned the grade of W/WF/WP based on their current standing in the class. Students will follow the Academic Standards and Regulation Policy at the time of their first date of enrollment. See Change of Status Policy and AASN Nursing Program Grading System policy.

Grade Point Average:

- Each semester's grade point average is computed by dividing the number of Quality Points earned in a semester by the number of credit hours taken that semester.

$$\text{GPA} = \frac{\text{Quality Points Earned}}{\text{Credit Hours Taken}}$$
- Cumulative grade point average is the total number of Quality Points earned in all work, divided by the total number of credit hours taken. In computing the GPA, grades of A, B, C, D, WF and F are included. Grades of W, WP, I, AU, and Challenge grades are not included.
- In the case where a course has been repeated, the last grade earned shall replace the first in computing GPA. Credit hours taken will be counted only once toward meeting the requirements for graduation. The repetition of a course does not remove the previous grade from the student's official transcript.

Promotion

1. To maintain enrollment in the College, the student must have a 2.0 grade point average. When a student's grade point average falls below 2.0, the student is placed on probation. The student must retake the course in which the failing grade was received to raise the grade point average within one year of failing the course. When the student achieves the grade requirement, the probation will be removed.
2. Promotion depends on satisfactory completion of all courses included in the lower level and all other level requirements.
3. Eligibility to graduate and receive college degree is dependent on satisfactory completion of all courses included in the curriculum plan.

Probation

1. Failure to pass any course with a C or above or when the student's cumulative grade point average falls below 2.0 will result in probation.
2. Probation status will continue until the student repeats the failed course with a C grade or above.
3. A letter informing the student of the probation status is sent with the grade report.
4. The college's curriculum plan will not be altered to accommodate students who must retake courses.
5. As long as a student remains on probation, enrollment may be imposed.

Change of Status and Leave of Absence

1. A student who wishes to change courses or withdraw from one or more courses or the program once the semester has begun, must submit the request to Registrar in writing. The request must be approved by his/her faculty advisor and Dean. Student signature is required. Electronic/FAX add/drops are permissible.
2. A student must attend each course at least once in the first 2 weeks of the fall or spring semester and the equivalent time period in the summer sessions. Non- attendance in the first two weeks may have a negative impact on financial aid eligibility.
3. A student who fails to attend ANY course in the first (2) weeks of the semester without notifying the registrar of a change of status (withdraw, LOA, etc.) will be administratively withdrawn from the College. In order to resume classes, the student will have to reapply to the College following the current readmission procedures.
4. If applicable, a tuition refund will be made according to the current refund policy stated in the catalog. In all cases, all financial obligations to the college must be met or no records will be released.

5. Notation will be made on transcripts according to the grading system listed in the Academic Standards and Regulations and Nursing Program.

Students who encounter special circumstances may apply for leave of absence (“LOA”) from formal study. The circumstances justifying an LOA include but are not necessarily limited to personal or family medical conditions, maternity leave, or death of an immediate family member. The applicant must submit his or her rationale in writing to the Registrar’s Office along with supporting documentation. Students on LOA are withdrawn from all courses. An LOA **will** relieve a student from responsibility for uncompleted academic work for that semester but **will not** provide credit for work completed that semester. Unless otherwise necessary to provide a reasonable accommodation to a qualified student with a disability, an LOA will not extend beyond 6 months. Because this LOA policy does not meet certain federal Title IV requirements, any LOA will be treated as a federal withdrawal (without a requirement to reapply for readmission) subject to Title IV return of funds calculation. If after 6 months the student has not registered or is not actively enrolled, the student will be withdrawn and must reapply according to the existing admissions policies. Any student who is granted an LOA for medical reasons must provide verification from a healthcare provider that the student is able to meet the expectations of a student without posing a significant risk of substantial harm to property, to self, or others. If a student is disabled and in need of an academic accommodation, that should also be noted by the healthcare provider.

The student should also refer to the “Academic Accommodations” policy for more information.

6. Any student called to active duty for Military Service in the armed forces (including service of the National Guard or Reserve) must give notice of service to the College as soon as possible and will receive special leave of absence consideration to ensure the smooth transition into and out of the college.
7. A student who withdraws from the college must complete an exit interview signed by his/her faculty advisor and Dean before he/ she re-applies to the college according to existing admissions policies.
8. Students moving directly from one program to another must complete a change of status form to officially change programs. Program changes must be signed by the student’s advisor and Dean.
9. Students academically dismissed from the College may be eligible to appeal to continue in another program. In order to be eligible, students must be able to come into the new program in good academic standing. Those interested

should inquire with the Registrar regarding academic standing and eligibility to change majors and refer to the Academic Standards and Regulations Policy.

Dismissal

1. Failure of any two courses required for the degree.
2. Withdrawing from more than 15 credit hours.
3. The Dean of the program may suspend, dismiss, or impose a mandatory leave of absence for reasons pertaining to dishonest or immoral behavior; illness – physical or mental; unsafe conduct affecting either the student, patient or others; or failure to abide by hospital and college policies, procedures, rules and regulations.

Honors

1. Upon graduation, academic honors will be bestowed upon students based on the cumulative GPA.
2. Undergraduate students in associate degree programs who have achieved a College cumulative average of 3.25 – 4.000 will receive "Honors"
3. Undergraduate students in the bachelor degree program who have achieved a College cumulative average in one of the three categories below will receive "Latin Honors":
 - a) summa cum laude: 3.90 - 4.0000 GPA
 - b) magna cum laude: 3.75-3.8999 GPA
 - c) cum laude: 3.60-3.7499 GPA
4. Students who anticipate receiving Honors are entitled to wear gold honor cords along with their other regalia.

Graduation Requirements

I. Institutional Requirements for Students in All Programs

1. Complete the entire academic program as described by the appropriate curriculum plan with a grade of 2.0 or above in all courses (entering students after January 2010).
2. Pay all financial obligations and return all learning materials to the College.
3. Complete Capstone requirements.
4. Complete all other requirements of the College.

II. Program Requirements

1. Associate of Applied Science in Nursing Degree Program:

1. Complete at least 48 credits (a minimum of 36 credits in nursing and 12 credits in general education) at this College.
2. Complete 12 hours of community service.

2. Associate of Science in Health Science Degree Program:

1. Complete at least 48 credits at this College.
2. Complete at least 8 hours of experiential/service learning.

3. Bachelor of Science in Nursing (BSN) Degree Program:

1. Complete at least 33 credits from the BSN upper division curriculum plan at this College (27 credits in nursing and 6 credits in general education courses).

The length of time taken to complete the curriculum may vary. However, a student must complete all requirements for graduation within six (6) years after enrolling in the College. (See Graduation Checklist located in the Graduation Requirements Policy on the GSC website under <http://www.gscollge.edu/student-services/good-samaritan-college-policies/>).

General Policies and Services

Academic Year

The academic year is based on a semester system. The College operates Monday through Friday. While many classes are held during the daytime, evening courses may be offered depending on enrollment. Clinical experiences in nursing courses may offer day and evening hours based on enrollment. Clinical hours in some courses will require 12 hour shifts throughout days, evenings, nights, and/or weekends. There are scheduled breaks throughout the curriculum including Summer, Christmas and spring break.

Holidays are observed on Labor Day, Thanksgiving Day, Memorial Day, Martin Luther King Day and July 4th.

Credit Hour

One semester credit hour will be awarded for a minimum of 750 minutes of formalized instruction that typically requires students to work at out-of-class assignments an average of twice the amount of time as the amount of formalized instruction (1,500 minutes). It is acknowledged that formalized instruction may take place in a variety of modes.

While awarding semester credit hours typically occurs for instruction delivered in accordance with an institution's standard semester calendar, it may also occur for instruction that may not follow the typical pattern of an institution's standard semester calendar as long as the criteria for awarding such credit is met.

Grievance

It is the intent of Good Samaritan College to treat its students in a fair and equitable manner. With appropriate, consistent, and considerate handling, student – college related problems can and should be resolved without undertaking a formal grievance. However, when desired, a grievance procedure detailed in the [Student Grievance Policies](#) may be used to resolve problems.

FERPA Compliance

The Good Samaritan College of Nursing and Health Science complies with the Family Education Rights and Privacy Act of 1974, as Amended (FERPA). FERPA is a federal law that protects the privacy of student education records. This law applies to all institutions that receive funds administered by the Department of Education. FERPA is administered through the Registrar's Office and enforced by: Family Policy Compliance Office U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202- 8520; 202-260-3887; 202-260-9001 (fax); ferpa@ed.gov

General Administration Policy

The College reserves the right to change without notice rules, policies, tuition and fees, curricula, courses or other administrative or educational policies. You may contact the College at (513) 862-2743 for the most up-to-date information.

Campus Security

Campus Security Policies and procedures are in place to maintain a safe and secure campus. A complete report is available to the general public online at <http://ope.ed.gov/campussafety/#/> Go to this web site. On the right side of the page, click Get Data for one Institution/Campus. Then, under Institution/Campus, follow the instructions.

View the video below for valuable information regarding Campus Safety.

[Run,Hide,Fight - Surviving an Active Shooter Event](#)

Uniforms

Nursing students in the Associate Nursing Degree program are required to wear the GSC nursing uniform for clinical nursing courses.

BSN students are required to wear the GSC uniform lab coat. GSC uniforms can be purchased at Roberts Medical Uniforms.

Medical Assisting students are required to wear the GSC medical assistant uniform in clinical laboratory classes and during the practicum experience.

The College does not cover the cost of your uniform; payment will be required upon ordering.

Nursing students: The uniform consists of a scrub top and a lab jacket that has the school insignia and student nurse on it; the jacket and pants have two styles. You only need one set for this semester. You are responsible for contacting the vendor and ordering your uniforms.

Medical Assisting students: The uniform consists of a light grey scrub top with GSC logo, scrub pants in pewter, and a scrub jacket with the GSC logo, also in pewter. You will need at least one complete uniform. Uniform shoes must be all black or all white.

Technical Requirements for GSC Courses

The College recommends all students have access to a personal computer and internet outside of classroom hours. A laptop which can be used both off and on campus is preferred.

For students who do not have access to a personal computer, there are computers available for use on campus. These computers are located in the library, student lounges (8th, 9th, and 10th floors), and Student Success Center (9th floor)

The following are the recommended system requirements:

NOTE: The College does not support personal devices.

Hardware

PC: Windows 10 64-bit (Home or Professional)

Mac: MacBook or MacBook Pro with latest version of macOS

Browser

Internet Explorer 10, Mozilla Firefox, and/or Google Chrome

Software

Adobe Reader
Adobe Flash Player
Latest version of Java
QuickTime
Windows Media Player

Microsoft Office 365

While enrolled at GSC, students have access to Microsoft Office 365, a cloud- based office suite.

Learning Management System

Students will have access to the College's learning management system used to deliver course material to and from students.

Textbooks

Booklists and textbook purchase information are found on the GSC portal.

Textbook information including ISBN and cost can also be found in the student's account with the schedule and book tab upon registration. Students are encouraged to order textbooks online at the lowest possible cost. Early Disbursement for Books and Supply allowance funds are available and sent to students one week prior to the first day of classes for those who have a credit balance on their bill.

Communication

All students of the College are assigned an official college email address through the College's Information Services Department. Official correspondence will be through the College email. Students are expected to check their email on a frequent, consistent, and daily basis to stay current with College-related communications. This includes any text messages from faculty and staff or Chat from online courses. Students have the responsibility to recognize that certain communication methods may be time-critical. There are NO acceptable excuses for missing official or un-official College communications via email, text, or chat.

Student Services

At GSC, we're committed to assisting students on their path to a new career in health care. The College provides a wide variety of support services including admissions counseling, tutoring, advising, personal counseling, and student health, as well as activities that promote personal and professional growth.

A brief summary of the services available to students is listed below:

Student Success Center

Students and alumni are welcome to use the various media and computer equipment in this facility. Contact the Student Success Coordinator, Kyla Jones, for more information at (513) 862-3504.

Counseling SAP Services

Good Samaritan College of Nursing and Health Science provides comprehensive counseling services through partnership with TriHealth Employee Assistance Program (EAP) for students (i.e. "Student Assistance Program") seeking personal guidance related to social, emotional, mental health, academic issues, etc. The purpose is to provide students overall support, advocacy, resources and counseling to facilitate personal problem-solving and decision-making.

Counseling is available to all students without charge. In addition to individual counseling, the program allows for group work and programs relating to the needs and interests of the students.

Students with specific, difficult to treat counseling needs, such as, eating disorders, substance abuse/addictions and other complicated needs will be referred to appropriate community professionals and/or resources.

Contact the College Compliance Officer, Erica McCain, for more information at (513) 862-3573.

Confidentiality

Counselors are ethically and legally committed to confidentiality. The decision to seek counseling is a choice and is kept confidential. No information is released to others without consent, with the following exceptions:

1. If someone is at risk for suicide.
2. In situations where there is imminent danger and the risk of serious harm to others.
3. If evidence suggests physical and/or sexual abuse of children or vulnerable adults.
4. When mandated by court order or state/federal law.

Faculty referral

Faculty are encouraged to make referrals for counseling by providing SAP contact information to students, or facilitating through contacting the SAP services hotline directly when the situation is warranted.

Faculty are to inform the student when a counseling referral is being made. Faculty should not make the referral until the student is aware of why they are being referred. The ultimate decision to seek counseling is up to the student and due to confidentiality, the counselor is unable to share information unless the student agrees that it is permitted.

Appointments (With or Without a Referral)

Students may access counseling services with or without a referral 24/7 through e-mail or phone contact; or by stopping by any SAP service center during designated hours. Additional information regarding TriHealth EAP/SAP services, office locations, and contact information can be found here: <http://www.trihealth.com/institutes-and-services/trihealth-corporate-health/CONCERN-Services/>

Health Service

GSC emphasizes the importance of student health and well-being. Health evaluations and consultations are available through the TriHealth Employee Health Service. This service is available for hospital-related illnesses or injuries. Students can be referred to a physician who meets their needs. Students must pay for medical care. Health insurance is highly recommended for all students. For more information on Student Health see the Student Health policy.

Student Success Center

A multi-media learning center offers a variety of audiovisual materials, equipment, and computers for classroom and individual use. Additionally, computers are located in all student lounges.

Student Advisory Council

Student Representatives serve on the Student Advisory Council. It is a standing committee of the College Assembly. Its purpose is to provide a vehicle for the student body representatives and College administration to communicate formally about relevant campus issues and concerns, ideas, and suggestions. The functions are:

1. To provide an official channel of communication and cooperation between students and College Administration.
2. For the College administration to seek student input and share issues of mutual interest that include, but are not limited to, academic programs, non-curricular programs, student services, campus facilities, and policies and procedures with direct impact on students.
3. Submit reports and recommendations to the President and to College Assembly and its respective standing committees as appropriate.

The Members are six at-large elected student representatives, Dean of Academic Affairs, Dean of Student and Alumni Services, Dean of Enrollment Management, Dean/Head Librarian, President (ex-officio non-voting) and Resource Persons as designated. This committee meets at least twice a semester or as often as needed.

Student Organization

The Student Organization promotes the general welfare of the student body. Through elected representation, interests and opinions of the student body are voiced, stimulating communication and cooperation between students and faculty. The Student Organization provides many leadership and community service opportunities for students. Student representatives also serve on faculty committees.

Advising and Academic Assistance – All Programs

Faculty Advising is an important aspect of each student's academic success. The student-centered model encompasses an assigned faculty member within their respective program upon enrollment. Members of the Faculty are appointed to assist students in the development of their educational plan, provide support, and encouragement as they progress through the college curriculum to graduation.

If a student encounters a problem that impacts their success in their course of study, they are encouraged to contact their faculty advisor. The student's faculty advisor should assess the problem and, along with the Student Success Coordinator, help develop and implement a plan to overcome it, wherever possible.

Additional resources including, but not limited to peer mentors, tutors, Financial Aid, the Student Assistance Program, and 504 accommodations may be appropriate to resolve the issue(s) the student and faculty advisor have identified as an impediment to success at the College.

Assessment Testing

Assessment testing is conducted prior to entrance into the College for Associate Degree Programs. TEAS Test which measures knowledge and skills in reading, writing, and mathematics is administered. Critical Thinking skills are assessed with the administration of the Critical Thinking test from the Assessment Technologies Institute (ATI).

Alumni Services

Alumni Association

The Alumni Association, of which all graduates are members, fosters an ongoing commitment to GSC by providing continuing education and other activities for members. GSC maintains contact with graduates via the BlueStreak magazine mailed to all alumni (also available for viewing on the website).

There are more than 6,000 GSC alumni serving in health care settings around the globe, GSC offers resources to help alumni stay connected. For more information on alumni events and programs, contact the Alumni Program Administrator (513) 862-3727 or check the GSC website.

Graduate Scholarships

Scholarship funds are available to graduates of the GSHSN and GSC who are currently enrolled in an advanced degree program. Each spring, applications are considered anonymously by the Graduate Scholarship committee. To apply for a scholarship, contact the Alumni Program Administrator (513) 862-3727.

Class Reunions

Would you like to hold a special event for your class at our next Homecoming/Reunion weekend? We supply you with address lists and help with mailings. Contact the Alumni Program Administrator at (513) 862-3727.

Alumni Referrals

Do you know a potential student you would like to refer to the Good Samaritan College of Nursing and Health Science? If so, have the applicant provide your name and graduation date on his/her application.

Health Sciences Library

Alumni can utilize the library services at either TriHealth hospital location. Prior to entry, alumni must go to Security, located on the 5th Floor to obtain a Temporary Badge for Good Samaritan Hospital Library access.

The Library at Good Samaritan Hospital is located on Level 3. The hours are: Monday – Friday 8:00am – 5:00pm; Phone number (513) 862-2433

For access to the Bethesda North Library, alumni must go to Security on the first floor to obtain a Temporary Badge. The Library at Bethesda North Hospital is located on the ground floor. The hours are: Monday – Friday 8:00am – 5:00pm; Phone number (513) 865-1129.

The library's reference services, books and access to full text electronic journals are available to alumni.

Bursar/Business Administrator

Financial Obligations

Students are responsible for payment of all costs associated with attending The Good Samaritan College of Nursing and Health Sciences. Application for financial aid does not negate this responsibility. The financial obligation for each student must be paid-in- full or up-to-date in order to register for a subsequent semester. No balance will be carried over into a subsequent semester. Unusual circumstances or a financial crisis should be reported to the Bursar's Office immediately, so the College can assist the student in planning or determining possible alternatives.

Students who fail to meet their financial obligations cannot register until all financial obligations have been met. A student may be administratively withdrawn for failure to make payment in a timely manner. In addition, students are required to meet all financial obligations before grades, transcripts and credentials will be issued.

Tuition and Fees

Tuition and fees are established by The Good Samaritan College of Nursing and Health Sciences Board of Directors.

Good Samaritan College Tuition & Fees Schedule 2018-2019

Type	Price	Details
Administrative Fee	\$102	Payable each semester and is nonrefundable.
Tuition	\$548	Payable per credit hour for all courses.
Science Lab Fee	\$82	Payable for each science course with lab.
Nursing Lab Fee	\$82	Payable for each nursing course with a clinical/practicum
Library Fee	\$41	Payable each semester and is nonrefundable. (Waived for TriHealth team members.)
Technology Fee	\$153	Payable each semester and is nonrefundable.
Activity Fee	\$51	Payable each semester and is nonrefundable.
Transcript Fee	\$11	Same Day Service on campus for transcripts Online request through National Student Clearinghouse (\$7.00)
Graduation Fee	\$230	Payable the semester of graduation.
Late Registration Fee	\$41	Payable when registration is late.
Late Payment	\$41	Payable when check returned unpaid.
Insufficient Funds Fee	\$41	Payable when check returned unpaid.
Enrollment Entrance Testing Fee	\$140	Payable at time of testing; all testing completed at University of Cincinnati Testing Center.
Nursing Package Test Fee	\$419	Payable with enrollment in clinical nursing and is nonrefundable.

Textbooks are purchased by students from available companies in the area and online resources. There are discounts provided to our students from our textbook vendors in some courses. This discount will be provided upon enrollment. Please contact the Good Samaritan Library at 513 862 2433 for assistance.

Adjustment of Fees are made according to the schedule in the catalog and based on the date of the exit interview with the Registrar of the College. A student who withdraws prior to the beginning of a semester will receive a 100% refund of tuition and refundable fees identified in this schedule.

Payment of Tuition and Fees and Late Fees

It is the responsibility of each student to frequently access his or her account in PowerCampus and be aware of amounts due and published payment due dates.

All tuition and fees are due one week before classes begin. If a student has not met their financial obligations for current semester charges by the due date, their registration will be subject to cancellation. All financial obligations for the current semester must be met prior to registration for the next semester.

If a student has not met financial obligations for the current semester at the time of registration for the next semester, the student's registration for the next semester will not be processed and any priority in registration is forfeited.

When outstanding monies are paid, the student's registration will then be processed. A late registration fee will apply. An extension is allowed for students receiving employer tuition reimbursement.

Deferred Payments:

Payments may be deferred for the amount of a certified financial aid award. However, any estimated difference between the cost of tuition and fees and the award requires that payment options be finalized by the first day of the semester.

Tuition Payment Plan:

The GSC Semester Tuition Payment Plan is available to students to assist in meeting financial obligations. This Plan provides students an option to defer payment of tuition and fees over an entire semester through the use of a monthly paymentschedule.

The GSC Semester Tuition Payment Plan divides tuition and fees for the semester into 4 equal installment payments. Students using the Tuition Payment Plan are required to keep payments current. Delinquency will result in students not being allowed to register for classes in the next semester or may result in dismissal from the College. Payments may be deferred only to the end of semester. When utilizing the GSC Semester Tuition Payment Plan, a Payment Plan Promissory and Disclosure Statement must be completed. A \$25.00 processing fee is due at the

time the student fills out the Promissory Note and Disclosure Statement. A payment schedule is determined to assure full payment by the end of each semester. The student using the payment plan must have a zero (0) balance at the end of each semester in order to maintain registration for the next semester.

Late Fees/Collection:

A late payment fee will be charged to the student for late payment fee on Tuition Plans. The late payment fee will be assessed daily up to 10 days at which time the student may be dismissed for not meeting financial obligations.

Unpaid bills may be turned over to a collection agency when necessary. Transcripts will not be released until all financial obligations to the college are met.

The college has the option to decide that a Payment Plan/Promissory Note is in default and the full balance of the note and any late charges become immediately due if a student is consistently late in making payments.

Payment Plan Promissory Note and Payment Schedule:

1. Fall/Spring Semester - The Payment Plan Promissory Note, first payment and processing fee must be received no later than the one week prior to the start of classes of the semester. The balance is to be paid in no more than three additional monthly payments.
2. Summer Semester - The Payment Plan Promissory Note, first payment and processing fee must be received by the first day of the semester. The second payment is due by the end of the semester.

Refunds and Bill Adjustments:

Bills are developed from the registration for classes of a student and the appropriate applicable fees. Failure to attend classes does not absolve a student of financial responsibility. Students must follow the Refund Policy by completing a Change of Status form in order to receive refunds or adjustments in their bills. Applicable federal government refund policies will apply to students who have received federal financial aid.

Checks Returned for Insufficient Funds:

The college reserves the right to request cash payment, money order or cashier check if a student has had a check returned for insufficient funds. A returned check fee will apply under these circumstances. The amount of this fee is listed in the Tuition and fees table on the GSC website under One Stop/Bursar site.

Registration Hold procedure:

1. A list of students with outstanding financial obligations is generated prior to a registration period.
2. Students on this list are notified that their upcoming registration will not be processed if their financial obligation is not cleared prior to the registration period.

3. When students have cleared their accounts, registrations can be processed.

Returned Check Policy

A \$40.00 fee will be charged directly to a student's account for any check returned.

Withdraw Policy

Withdrawing from a Course

Students who voluntarily withdraw from a course should review the factors to consider in making a decision to withdraw listed on the GSC website under the Registrar tab and under the tab called Withdrawing from Classes.

Students who voluntarily withdraw from a course will be entitled to a refund of tuition and fees in accordance with the refund schedule. The refund schedule is based upon the written drop or withdrawal from the course listed on the Change of Status form. Adjustments in a student's bill for tuition and refundable fees are based upon the date on which the College is notified. When a student withdraws from courses a Change of Status form must be completed. Students are not entitled to a refund if they withdraw from a course or the College after the end of the 4th week of the semester for fall and spring, after the 2nd week for the summer semester and after the 1st week for interim semester.

Failure to attend class does not constitute a withdrawal and does not entitle the student to a refund of tuition. Students who are administratively withdrawn for non-attendance will not receive a refund. Any student who leaves the College without notification forfeits all rights to refund or reduction of an account.

Any outstanding delinquent financial obligation to the College will be deducted from a refund.

Fall and Spring	
First week of the semester	100% refunded
Up to the end of the 4th week	50% refunded
After the 4th week	No Refund

Summer	
First day of the semester	100% refunded

Up to the end of the 2nd week	50% refunded
After the 2nd week	No Refund
Interim	
First day of the semester	100% refunded
Up to the end of the 1st week	50% refunded
After the 1st week	No Refund

Treatment of Title IV Aid when a Student Withdraws

When a student ceases to be enrolled, the College is required to determine the earned and unearned portions of the Title IV aid as of the date the student ceased attendance based on the amount of time the student spent in attendance. Up through the 60% point in each payment period or period of enrollment, a pro rata schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period.

Withdrawals Due to Extenuating Circumstances

A student who withdraws from the College or courses due to extenuating circumstances may request a partial or complete cancellation of tuition by completing an appeal with the Business Office. Requests for medical withdrawal must be submitted in writing to the Business Administrator with appropriate documentation as indicated on the GSC Tuition Appeals Policy Form or requested by the Tuition Appeals Committee.

Refunds

Refunds may be issued to a student when there is a credit balance on their account resulting from an overpayment, course withdrawal, excess financial aid funds, etc.

Refunds are not issued until funds are actually received by the College.

Title IV funds for students are generally received in the third week of classes and any resulting refunds are processed within fourteen (14) days of receipt.

Students with credit balances resulting from excess financial aid funds, tuition cancellations, etc., will be emailed when their refund is ready. Refunds are mailed to the permanent address on file at

the College or deposited into the recipient's bank account via Electronic Funds Transfer (EFT) if the student has submitted a signed Electronic Payment Authorization form.

Students may request to apply their credit balance to future semester charges by completing the appropriate authorization form with the Business Administrator.

When a student's registration status changes and he or she is a recipient of financial aid funds, the student's record must be reviewed by the Financial Aid Office before a refund can be issued. Credit balances resulting from the disbursement of Parent PLUS Loans will be refunded directly to the parent unless written instruction is submitted to the Business Office by the parent authorizing the student to receive the funds.

Book and Supply Allowance

Students who will have a credit balance after tuition and fees are applied to their student bill, are eligible for the disbursement of financial aid funds as a refund up to the amount allowed for their books or the amount of the credit balance if under the maximum allowed for books and supplies.

Book checks are required to be received by the student prior to the 7th day of class to meet Federal Guidelines instituted July 1, 2011. The Business Office strives to disburse book and supply allowance to eligible students one week prior to the start of class each semester to allow students ample time to purchase their books. Delay in completing the financial aid process will result in a delay in disbursement of book and supply allowance to the student.

Financial Aid

Financial Aid Awareness

To help students understand the basics of financial management, the Financial Awareness Counseling module from the Department of Education will provide information on federal student loan debt, and an estimate of what their loan debt is likely to be at the time they leave school.

Applying for Financial Aid

The College believes that any student who meets admission requirements should not be denied an education because of lack of funds. However, financial aid depends upon careful evaluation of all resources available to the student and the college. After being accepted for admission, all prospective students will be advised of financial aid application procedures.

We review financial aid applications and make annual selections based on financial need and the promise of academic accomplishment. Students must file a renewal application for each academic school year.

GSC's Federal Code for the FAFSA is: 006494.

Types of Financial Aid

Grants

Pell Grants

The Pell Grant program is a federal entitlement program authorized by the Education Amendments of 1972. Eligibility is determined from data provided on the Free Application of Federal Student Aid (FAFSA). Receive information about Pell Grants from your high school counselor or the GSC Financial Aid Office. The Federal School Code for GSC #006494.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The FSEOG Program provides need-based grants to help undergraduate students finance higher education costs. Priority is given to students who are Pell Grant recipients with low Expected Family Contributions (EFC's). Students must file a FAFSA as part of the application process for the FSEOG. The FAFSA serves as the application for this grant.

Ohio College Opportunity Grant

Ohio residents in a degree/nurse diploma program with an Expected Family Contribution of 2190 or less and a maximum household income of \$75,000 are eligible. Students are limited to 10 semesters or 15 quarters of state, need-based grant aid. The FAFSA serves as the application for this grant.

Scholarships

The **GSC Scholarship Application Form** is required of any student who wishes to be considered for internal scholarships. The form can be found on the college web site in My GSC. Students entering the College in August (fall semester) should submit the form by June; December is the deadline for January (spring semester) entry students. There are many scholarships available -- the descriptions and requirements are available in the College Catalog.

The Ohio Nurses Foundation

The Ohio Nurses Foundation offers several scholarships for students who are earning their RN degree. Go to <http://ohionursesfoundation.org/scholarships-and-grants-3/> to download an application.

The Ohio War Orphans Scholarship

Program awards tuition assistance to the children of deceased or severely disabled Ohio veterans who served in the armed forces during a period of declared war or conflict. A student must be enrolled for full-time undergraduate study at an eligible Ohio College or university. Ohio residency is required and applicants must be under the age of 25. Application is made to the Ohio Board of Regents/State Grants and Scholarships Department.

Health & Human Services

In exchange for at least two years' service at a health care facility with a critical shortage of nurses, the Nursing Scholarship Program pays for tuition, required fees and other reasonable costs including books and supplies. Go to <http://bhpr.hrsa.gov/scholarshipsloans/index.html> to apply.

Nursing Scholarships

A scholarship database has been created specifically for nursing students. See Scholarships, amounts and deadlines by going to <http://www.nursingexplorer.com/scholarships>

CampusRN Scholarship Fund

 **CampusRN Scholarship Fund** [Scholarship Nursing](http://www.campusrn.com/network/scholarship_program)
(http://www.campusrn.com/network/scholarship_program)

CampusRN has **\$15,000** in Scholarships Available to Nursing & Allied Health Students.

Loan Forgiveness Programs

Health and Human Services Nursing Loan Repayment

Nurses who want to take advantage of a federal program to help pay off nursing education loans. The Nursing Education Loan Repayment Program (NELRP) is aimed at giving nurses an incentive to practice in “critical shortage areas” by repaying up to 85 percent of their outstanding student loans for their nursing program. In exchange, nurses work at a qualified facility for three years. To obtain further information or for an application, call (877) 464-4772 or email callcenter@hrsa.gov or access the web site at Health & Human Services Nursing Loan Repayment (<http://www.hrsa.gov/loanscholarships/index.html>).

Public Service Loan Forgiveness (PSLF)

(<http://studentaid.ed.gov/PORTALSWebApp/students/english/PSF.jsp>)

Workforce Investment Act

The Workforce Investment Act (WIA) is a federally funded program that establishes the Workforce Development System and provides funding to support training to unemployed adults and dislocated workers. GSC is a training center to help individuals who want to be a nurse get the training they need in their AASN two-year program to become a nurse.

WIA assists eligible students in helping them with their educational expenses. Contact the area you live in to find out if you are eligible:

Loans

Federal Stafford Subsidized Loan

A federally financed and subsidized student loan made on the basis of the student’s financial need and other specific eligibility requirements. The federal government does not charge interest on these loans while borrowers are enrolled at least half-time.

Consideration requires the filing of the Free Application for Federal Student Aid (FAFSA).

Federal Stafford Unsubsidized Loan

A federally financed student loan made to students meeting specific eligibility requirements. Interest is charged throughout the life of the loan. The borrower may choose to pay the interest charged on the loan or allow the interest to be capitalized (added to the principal).

Federal PLUS Loans

Parents of dependent students can borrow PLUS loans to pay for their children's education. Parents are responsible for all interest charges. Parents must begin paying on the fully disbursed loan after 45 to 60 days.

Private/Alternative Loan Programs

Contact the GSC financial aid department for private/alternative loans for information regarding those options, while enrolled in the college.

Charles Schell, 5/3 Bank GSC Loan

A limited number of interest free loans are available to qualified students attending the College.

Nurse Education Assistance Loan Program (NEALP)

The purpose of NEALP is to assist the state in meeting nursing shortages by providing financial assistance to Ohio students enrolled for at least half-time study (or accepted for enrollment) in approved Ohio pre-licensure nurse education program who intend to serve as nurses after graduation. NEALP provides up to \$3,000 per year. In exchange, to qualify for loan cancellation, recipients must be employed full-time as a registered nurse or licensed practical nurse in the State of Ohio for a minimum of five years after graduation. Students must apply to the Ohio Board of Regents.

Ohio Private Loan Marketplace

The Student Loan Marketplace is an online education financing resource that enables consumers to learn about and compare private loan terms from multiple lenders. Founded in 1969, Associate of Independent Colleges and Universities of Ohio (AICUO) represents privately supported, nonprofit colleges and universities in Ohio, conducting

public relations, research and government relations for its members. The Student Loan Marketplace network of websites is powered by Overture Technologies. Overture provides all content and services in this site. Overture and AICUO do not endorse any of the loan products or lenders presented.

[OHIO PRIVATE LOAN MARKETPLACE](http://ohio.privateloanmarketplace.com/) (<http://ohio.privateloanmarketplace.com/>)

Veterans

Veterans are eligible for educational benefits. The Veterans Administration provides a Veterans On-line Application called (VONAPP) to apply for these benefits. If you are a veteran of the US Military, please see the following links:

- [Veterans On-line Application \(VONAPP\)](http://www.vabenefits.vba.va.gov/vonapp/default.asp)
(<http://www.vabenefits.vba.va.gov/vonapp/default.asp>)

(<http://www.mynextmove.org/vets/profile/summary/29-1141.00>)

Work Study

Work Study Program

Federal Work-Study

The purpose is to provide part-time jobs for undergraduate students with financial need, allowing them to earn money to help pay education expenses. The program encourages community service work and work related to the student's course of study.

The Federal Work Study (FWS) program is Campus-Based grant that is provided by the Department of Education. In order to receive a Federal Work-study Allocation, the Dean of Enrollment must apply for these funds through the annual FISAP report each October 1st. Allocations vary and are based on enrollment and other financial information provided in the application. Federal Work-Study (FWS) jobs may be on or off campus. Off campus FWS jobs with federal, state, or local public agencies or private nonprofit organizations must be in the public interest.

Students may work up to 10 hours per week during the normal college semesters and may work up to 40 hours per week during the summer semesters, depending on FWS allocation available. Students participating in the FWS program will be paid an hourly rate of

\$11.50/hour and will be paid by clocking in and out of the Kronos time clock system. These hours will be verified each pay period by the Assistant Director of Admissions and Financial Aid each pay period in which the student will then be paid via direct deposit bi-weekly on Trihealth pay dates.

Eligibility for FWS runs during the regular academic year July 1st through June 30th. Eligibility is reviewed each academic year to determine student eligibility.

General Procedure

Each semester (in July and October), the Financial Aid Office will communicate with the Skills Lab, those hiring Tutors, and other areas of the College and Trihealth to see if they have someone interested in working for them. The Financial Aid Office will determine eligibility and inform students and supervisors if the student is qualified. At least 7% of work-study students in this program will be working for a non-profit outside agency as required by the Department of Education.

- Complete Free Application to Federal Student Aid (FAFSA) so that we can determine if you qualify.
- Respond to the email letting the Financial Aid Office know you are interested.
- Students will then be invited to apply for a specific job posting number through the TriHealth HR Employment process.
- HR will contact the student to complete employment paperwork with their office. Students will go through the same steps that a regular TriHealth employee goes through. It will be the student's responsibility to follow the steps and stay in close communication with the HR contact as well as the GSC Financial Aid Office so as not to delay the start of the specified job.
- When all steps in the process have been completed, the Financial Aid Office will notify students of the work-study assignment or interview, (if requested by the supervisor) and start date. The student and supervisor of the department will determine the student's work schedule.
- Students are paid through the TriHealth payroll system. Direct deposit is available.

Criteria

Students must have a current, valid Free Application for Federal Student Aid (FAFSA) on file and have need as determined by the college budget and cost of attendance. Each semester, the Financial Aid Office will send an email to all students who may qualify under the Federal Work-study program and are meeting the Standards for Satisfactory Academic Progress.

Institutional Work-Study

Students who are not eligible for Federal Work-study may be eligible for Institutional Work-study, if institutional funds are available. Those receiving institutional work-study are not

required to complete a FAFSA and these funds will be awarded and applied to their student account.

Other Sources of Financial Aid

Veterans Administration

Approved for training of veterans. Local service clubs, churches, labor unions, companies, etc. offer grants and scholarships for college students. Also, search FinAid as a starting point for additional aid.

Ohio Board of Regents

State Grants and Scholarships (SGS) administers a variety of grant and scholarship programs to aid students as they pursue higher education.

Ohio Safety Officers College Memorial Fund

Provides tuition assistance to the children and spouses of peace officers, fire fighters and certain other safety officers who are killed in the line-of-duty, anywhere in the United States.

It also provides assistance to the children and spouses of a member of the armed services of the US, who has been killed in the line of duty during Operation Enduring Freedom, Operation Iraqi Freedom or a combat zone designated by the President of the United States.

The child is only eligible for this program if he/she is not eligible for the Ohio War Orphans Scholarship. Interested students should contact the Ohio Board of Regents.

Student Aid on the Web

The U.S. Department of Education provides students with resources on preparing for and funding education beyond high school.

Satisfactory Academic Progress

Satisfactory Academic Progress (SAP) provides students who are receiving Federal Student Aid (FSA) with a framework for knowing when eligibility is in jeopardy. GSC maintains an intervention system to assist students with their academic weakness so that corrective measures can be implemented. That system, the Student Success Program, is for all students enrolled in the college.

The U.S. Department of Education in the Higher Education Act (HEA) of 1965 requires colleges and universities to establish, implement and monitor minimum standards of academic progress for students receiving FSA under Title IV programs. GSC applies these standards to all financial aid, including the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Subsidized and Unsubsidized Stafford Loan, and Federal PLUS (Parent) Loan programs, as well as the state Ohio College Opportunity Grant (OCOG) program and Institutional awards. As required by federal regulations, the GSC Satisfactory Academic Progress Policy includes a qualitative (GPA) and quantitative (maximum timeframe) standard.

Students experiencing academic difficulties are referred to the Academic Advisor to determine the assistance and support necessary to address their individual plan of success to attain their educational goals. Students who are aware of learning disabilities should immediately contact GSC's Student Success Coordinator and Title IV to determine appropriate accommodations. (Please refer to Students with Academic Accommodations Policy on the GSC website. A student with a documented disability and functional limitations is still held to the same academic expectations as other students.

The Financial Aid Office (FAO) follows tenets of the academic policy of the college, which advises students of their academic status and is maintained so that corrective measures can be implemented. The intervention mode applies to all students enrolled in any degree program. At the end of each semester, students receive email notification if they have failed to meet the academic standards, and an explanation of how it affects their financial aid and the steps required to meet those standards.

Minimum Standards for Academic Progress

Determination of Satisfactory Academic Progress (SAP) is based on three components and the following minimum standards that will be evaluated consistently for all levels of enrollment (full- time and part-time equivalents) each semester (fall, spring) and summer session (sometimes referred to as "summer semester" and for students in all programs. All periods of enrollment are counted, even periods in which the student did not receive Federal Student Aid funds.

1. **Grade Point Average:** Students must maintain a minimum GPA of 2.0 on credits attempted each semester as well as a cumulative GPA of 2.0.
2. **Maximum Timeframe:** Students must not exceed 150% of the length of the program in which they are enrolled. This is equivalent of three full-time years for an Associate Degree program and six full-time years for the Bachelor's Degree

program. A student is ineligible when it becomes mathematically impossible for him/her to complete his/her program within 150% of its length. The Associate of Applied Science in Nursing degree requires 72 credits to complete. Students cannot receive FSA for more than 108 attempted credit hours ($72 \times 150\%$).

- The Associate of Science in Health Science degree requires 60 credits to complete. Students cannot receive FSA for more than 90 attempted credit hours ($60 \times 150\%$).
- The Bachelors of Science in Nursing degree requires 120 credits to complete. Students cannot receive FSA for more than 180 attempted credit hours ($10120 \times 150\%$).
- All attempted hours include transfer and unearned credit hours.
- Pace of Progress: To ensure that students earn a degree within the maximum timeframe allowed, students must show a minimum completion rate of 67% of classes attempted. To calculate the pace at which a student is progressing, divide the total number of hours the student has successfully completed by the total number he/she has attempted.

Pace = Cumulative number of credit hours completed

Cumulative number of credit hours attempted

Students are reviewed each semester to determine if they are meeting these SAP standards. Failure to meet ANY of the above standards will result in the student receiving an email notification indicated how they have failed to meet the standards.

Students who have failed to meet satisfactory academic standards for the first time will receive a financial aid **Warning** notification and will remain on Warning for one semester.

Students who receive a Warning notification are asked to see their advisor and/or Learning Specialist to determine an academic plan of success for the next semester they are enrolled.

Students who have previously received one warning will be sent a letter of Failure and will not be eligible to receive federal Title IV Aid or Institutional aid. If a student feels there is extenuating circumstances that explain why they have failed, they may appeal.

If their appeal is approved, they will receive a notification that they are on **Probation** until the student has completed all courses in the subsequent semester with a GPA of 2.0 or higher. Credit hours are counted for the program the student is currently in. Financial aid academic progress will be “reset” one time for students who change programs (for example, AASN to ASHS program), which means the maximum timeframe will be reset to 150% of the length of the program in which they are currently enrolled.

Appeal Procedures

Students may appeal any of the failed requirements that result based on extenuating circumstances such as; his/her injury or illness, the death of a relative, or other special circumstances. Students who are not meeting the SAP standards will receive an email notification through their GSC email account that will outline the steps a student can take to restore their eligibility.

If the failure to maintain SAP was due to extenuating circumstances, a student may appeal.

1. This appeal must be submitted in writing to the Academic Progress Appeals Committee who will review your appeal and respond promptly.
2. The appeal must explain why you failed to make satisfactory progress and what has changed in your situation that will allow you to make satisfactory progress at the next evaluation.

The student will receive an email notification once the decision of the appeal has been made. If the appeal is approved, the student's FSA eligibility will be restored and the student will be placed on probation and will continue to receive FSA as long as the minimum standards are met each semester.

If the appeal is denied, to re-establish their academic progress standing, a student will be required to pay for courses without the assistance of FSA until they have met SAP standards. It is the responsibility of the student to notify the FAO when they are once again meeting these standards.

Questions regarding SAP may be directed to the Dean of Enrollment Management/Student Services.

Please Note:

Repeated courses, remedial course work, transfers credits, as well as grades of I (incomplete), and W, WP and WF (official withdrawals), do not count toward meeting the completion percentage, and are included in the qualitative assessment.

Remedial course work, transfers credits, as well as grades of I (incomplete), and W, WP and WF (official withdrawals), do not count toward meeting the completion percentage, and are included in the qualitative assessment. Students with an Incomplete grade may submit the final coursework within the timeframe allowed in the Academic Standards and Regulations policy.

Repeated coursework permit a student to repeat a class with a passing grade of C and above, one time and receive financial aid for it. Regardless of the grade the student receives a second attempt, the student will not receive financial aid for a third attempt. All course repeat attempts will be counted toward a student's 150% maximum timeframe for completing the program. The most recent grade received in a repeated course will be used to calculate the student's cumulative GPA to determine a student's satisfactory academic progress status for the next semester.

Successful completed credit hours include grades of A, B, C, and P. Any other grade is not considered successful completion of a course and may impact the student's satisfactory academic progress for financial aid.

If a student enters into a second degree program with the College, the maximum timeframe for that program will reset to the maximum timeframe defined in paragraph 2. A "second degree program" is in addition to the student's initial program and not a transfer from that program.

The information contained in this catalog does not constitute an irrevocable contract between the student and the College.

The College reserves the right to change without notice rules, policies, tuition and fees, curricula, courses or other administrative or educational policies. You may contact the College at 513-862-2631 for the most up-to-date information. In addition to the catalog, the policies are available online at www.gscollege.edu.

The College reaffirms its commitment to nondiscrimination in accordance with Title IX of the Education Amendments of 1972; Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991 and the American with Disabilities Act of 1990 (ADA), as amended by the ADA Amendments Act of 2008 and Section 504 of the Rehabilitation Act of 1973, in that no otherwise qualified person shall be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under, any program or activity of the College because of race, color, religion, age, national origin, ancestry, handicap/disability, veteran status, marital status or sex.

- The Campus Safety Officer is: Dean of Campus Operations and Security, Beth Moors, Room 872.09, Phone 513-862-3188
- The Title IX Coordinator Kyla Jones, M.Ed. Phone 513-862-3504
- The College Compliance Officer is: Erica McCain, Esq., Room, Phone 513-862-3504

Academic Calendar	2018-19	FALL/ SPRING
FALL SEMESTER:		2018
August 13	Mon	Early book refund
August 14	Tues.	Incoming Student Orientation
WEEK Of AUG 13	TBD	Nursing Test taking strategies workshop
August 20	Mon.	Classes Begin
August 24	Fri.	Last Day for 100% refund on dropped courses
August 31	Mon	Last day for 50% refund on dropped courses
September 3	Mon.	Labor Day - Holiday- College Closed
October 1	Mon.	Apply for New FAFSA
October 26	Fri.	Last Day to Withdraw with "W"
November 22	Thurs.	Thanksgiving- College Closed
November 23	Fri.	No classes- College open
November 26	Mon.	Classes Resume
December 7	Fri.	End of Semester
December 10	Mon. at noon	Final Grades Due
December 13	Thurs.	Graduation Ceremony
December 25	Tues.	Christmas- College Closed
January 1	Tues.	New Year- College Closed
SPRING SEMESTER:		2019
January 7	Mon.	Early book refund
January 8	Tues.	Incoming Student Orientation
WEEK of JAN. 7	TBD	Nursing Test taking strategies workshop
January 14	Mon.	Classes Begin
January 18	Fri	Last day for 100% refund on dropped courses
January 21	Mon.	Martin L. King Day- College Closed
January 22	Tues.	Classes resume
January 25	Fri.	Last day for 50% refund on dropped courses
March 11- 15	Mon.-Fri.	Spring Vacation- No Classes- College Open
March 18	Mon.	Classes Resume

March 29	Fri.	Last Day to Withdraw with "W"
April 19	Fri	Good Friday- No Classes- College Open
April 22	Mon.	Classes Resume
April 30	Tues.	GSC Scholarship Application Deadline
May 10	Fri.	Semester Ends
May 13	Mon. at noon	Final Grades Due
May 16	Thurs.	Graduation
