

College Updates

Message from GSC President Dr. Judy Kronenberger

We want to wish a hearty "Congratulations!" to our brand new alumni graduating this week. As we celebrate the spring season and close out our Spring Semester, my focus is on positive, forward movement towards our strategic goals of growth, academic excellence and a student-centered approach to everything we do. It is absolutely essential we keep one another accountable to meet our goals and to continue making students our #1 priority.

GSC now has three (3) semester starts per year and students across all programs can start programs in the summer, fall and spring semesters. This is a HUGE win for our college, for our students and for the health systems and patients they will serve in the future.

Take Care!
Judy

Alumni Updates

Apply Now for Alumni Graduate Scholarships!

The 2022 Alumni Graduate Scholarships, including the Nancy Mackenzie Powell Scholarship, will be awarded to alumni of GSC/GSHSN pursuing a Master's or Doctorate degree. Scholarships are designed to help meet tuition expenses. For more information or to request an application, please email catie.schafer@email.gscollge.edu. Completed applications are due by May 31, 2022.

1. Where are you working now?

I am working at the University of Cincinnati Medical Center on a Med-Surg unit.

2. What is one goal you would like to achieve in your lifetime?

Recently I achieved one of my lifelong goals and that was to walk with my daughter at graduation. In May of 2021 we both graduated with our BSN from GSC. In April my husband and I will be attending the Ultimate Nursing Conference aboard the NurseCon at Sea. Professionally I would like to further my education, but for now I am taking a break before I start back to school and enjoying time with the family.

3. What makes you laugh no matter what?

What makes me laugh is watching my granddaughter experience life. It's so much fun to see things through a child's eyes.

4. How do you manage stress?

Prioritization! When things in the workplace get stressful, I take a step back and reprioritize my patients and tasks. This will calm me down and I can go on about my day. Outside of work I try to find fun activities to do with family and friends. Recently we did the Cincinnati Cyclones Frozen 5K.

5. What is one of your favorite memories of GSC?

My favorite memory of GSC is when the BSN program went online. It made my whole life so much easier because I was able to work night shift and still get my schooling done. Plus, the staff was very helpful and available when I needed them.

6. Most important advice you'd give to future nursing/healthcare professionals?

Nursing school provides new graduates with the basic foundations. After graduation depending on what area of nursing you decide to go into there is so much more to learn. Don't be afraid to ask for help from your peers.
